Dear Ms. Bodega Owner,

My name is Jing and I am a student at Grand Street Settlement. This week in my English class, I learned about the importance of bying drinks that contain less sugar and less fat when I was at your store yesterday I didn't find the Skim milk that I wanted to buy for my husband who is slightly overweight with high blood pressure, and I also wanted to buy some snacks with low salt and less sugar for my daughter. I would like to ask you to stock your store with the above healthy foods for my family and the community because I think that a strong country must have healthy people. I appreciate your cooperation.

yours,

waijing

Dear Bodega Owner,

I am a student at Grand Street Settlement. This week in my English Class I learned about the importance of buying drinks that contain less sugar and less fat. Now obesity is a serious problem all over the world. People who got too fat are more likely to suffer from dibetes and high blood presure. Some unhealthy drinks even contain substances that hurt people's brain and stomach like CO_2, Sodium and trans fat, etc. So I recommend you to sell healthier drinks. I promise I will buy the healthier drinks, and I will also persuade my family, my friends and my neighbors to buy healthier drinks from your store. Please sell healthier drinks!

Sincerely yours,
BingPang Lin.

My name is Bah fatoumata.
I'm Wendy's student.
I'm very happy to be a student because.
I learned a lot of words from ms. Wendy.
I learned about healthy food and healthy drinks.
now I read the labels on my drinks
now I keep my family and my friends to be a healthy.
I tell them to eat healthy food like chicken, fish, turkey, vegetables and healthy drink.
Thank you, ms. Wendy for teaching us about our life.
