

**2007 MARKET RATES
VOUCHER PROVIDERS**
effective 07/01/2009

These are the maximum rates established by the State Office of Children and Family Services for New York City. Regulations require that we pay the rate the provider charges private paying families or the State maximum, whichever is less. Rate increases must be justified with documentation of private payments received or increased expenses. Legally exempt providers must have 10 hours of approved training in the past 12 months to be eligible for the enhanced rate. Providers will receive instructions in June.
