

MAYOR'S
COMMITTEE
ON UNITY

-8-

I have appointed a City-wide Committee on Unity. The purpose of this Committee is to promote understanding and mutual respect among all the racial and religious groups in our city. New York City is known the world over for the progress which it has made in hospitality, understanding, and good neighborliness. We must not permit any trends that run counter to these standards to disturb the peace and tranquillity of our people.

The Committee will be supported by private funds. The Committee itself will not solicit for funds, but I am confident that financial support for the next two years will be forthcoming.

The Committee's purpose is to observe and study unfavorable conditions and dangerous trends, and analyze objectively their causes and what steps may be taken to combat them: to further amity and racial and religious harmony in our City. It is my understanding that the Committee intends to maintain a qualified staff to make studies and researches for it, so that any reports and pronouncements which it may make from time to time will have solid foundation in the facts. The Committee will not seek to supplant or supersede existing organizations having similar purpose or interest in avoiding conflict between racial and religious groups. It will seek through its influence to correct racial and religious prejudice and develop the common interest of the community in mutual understanding and respect.

The Chairman is the Honorable Charles W. Hughes. I will announce the members of the Committee this afternoon, and you will find them in the newspapers tomorrow morning.
