HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development (“HPD”) of the City of New York (“City”) has proposed the sale of the following City-owned property (collectively, “Disposition Area”) in the Borough of Brooklyn:

Address	Block/Lot(s)
2425 Mermaid Avenue	7014/52
2427 Mermaid Avenue	7014/53
3216 Mermaid Avenue	7048/6
2816 West 16 th Street	7021/16
3566 Canal Avenue	6978/22

This submission is a proposed amendment (“Amended Project”) to a project previously approved by the Mayor on June 11, 2008 (Cal. No. 14) (“Original Project”). The Amended Project changes the program from the New Foundations Program to the New Infill Homeownership Opportunities Program and changes the number of buildings and units that are proposed, but is otherwise the same as the Original Project. Under the Original Project, the NYC Partnership Housing Development Fund Company, Inc., the designated sponsor (“Sponsor”) was to purchase the Disposition Area and construct up to six buildings containing a total of up to 14 condominium units, up to two 2-family homes totaling up to 18 dwelling units and up to two commercial condominium units for sale to low income purchasers. Under the Amended Project, Sponsor will purchase the Disposition Area and construct up to seven 3-family homes containing a total of up to 21 dwelling units for sale to low income purchasers.

Under the New Infill Homeownership Opportunities Program (NIHOP), sponsors purchase City-owned land for \$1.00 per tax lot and construct one- to four-family homes or condominium units. The sponsor also delivers a note and mortgage for the difference between the appraised value of the land and the purchase price (“Land Debt”). Construction financing may be provided through loans from the City (“City Subsidy”), the New York State Affordable Housing Corporation, private lenders and from developer equity. The City provides tax exemption for the homes pursuant to Section 696 of the General Municipal Law. Federal HOME funds may be used to provide down payment assistance.

Upon completion, the sponsor sells the homes to eligible purchasers who have agreed to owner-occupy for a total of fifteen years. The Land Debt and City Subsidy, if any, are apportioned pro rata to each home

and may be unsecured and reduced at the time of sale based on the home's post-construction appraised value. Purchasers repay the Land Debt and City Subsidy, if any, attributable to their homes by delivering a note and a mortgage and/or conditional grant agreement to the City. The sum evidenced by the note and secured by the security instruments declines from years 6 to 15 by one-tenth of the original principal sum for each year of owner occupancy. Initial purchasers and subsequent owners are required to make payments to the City out of resale or refinancing profits.

HPD proposes to sell the Disposition Area to Sponsor at the nominal price of \$1.00 per tax lot. Upon conveyance, Sponsor will also deliver a note and mortgage for the difference between the appraised value of the land and the purchase price ("Land Debt").

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5-A1, New York, NY on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on May 27, 2015 at Second Floor Conference Room, 22 Reade Street, Manhattan at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, NY 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. "The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)

Statement of Basis and Purpose of Proposed Rule

The growth in the use of smartphones and apps has created new ways of obtaining for-hire transportation. This development, which came to TLC's attention first in the For-Hire Vehicle (FHV) industry and later in the medallion taxi industry, has resulted in unanticipated problems, described below. TLC is proposing a new rule and rule amendments to address these problems and ensure that passengers, drivers and bases all benefit fairly from this new technology.

Uniform Standards for Smartphone Apps

As use of smartphones and apps has become more common, booking of FHV service through apps continues to increase among passengers, bases, and drivers. Today, as many as 42 percent of all FHV's can be booked through smartphone apps. Passengers getting service this way have access to up to 75 different apps. This wide array of options has resulted in varying levels of compliance with safety, accessibility, and price transparency requirements by bases, drivers, and app companies. For example, the ability to specify a request for an accessible vehicle and to receive important fare and driver information varies from app to app. The proposed rules will impose uniform standards on all current and future apps used by FHV's, whether they are offered by a base or by a licensed independent app company utilized by a base.

Licensing All Apps

Under current TLC rules, an app must either obtain an FHV base license from the TLC or have a contract with an existing FHV licensed base. An app that contracts with licensed bases can only dispatch vehicles affiliated with those bases and must obey all TLC rules governing them, including but not limited to dispatching only to licensed drivers and vehicles, charging rates in compliance with the rates that each base it is dispatching through has on file with the TLC, and disclosing all pertinent base, vehicle, and driver license numbers to passengers in a conspicuous manner. Use of these apps must not result in violation of TLC rules by bases, vehicles, or drivers.

Apps that do not have their own base license, but have contracts with licensed bases, in effect dispatch or refer jobs on behalf of those bases. An app with agreements with multiple bases may violate TLC rules in dispatching vehicles on behalf of one of those bases. If that one base is penalized for the violations, currently the TLC can stop the app from working with the penalized base but not with the other bases with which it may have contracts. These third party apps are not currently licensed by the TLC, and therefore liability for any rule violations falls on the licensed base, exposing the base to serious penalties for actions over which it may have no control or knowledge. To deter future rule violations by these apps, the TLC must be able to stop an app from working with any base with which it is affiliated, even if the violation in question did not occur in working for the other bases. To accomplish this, the proposed rules will require third party apps, or apps that do not possess a base license, to be licensed by the TLC and, as such, will require the apps to follow all TLC regulations for which they will be held responsible.

Provision of Important Trip Information

Apps that operate in the FHV sector with a base license, and licensed bases that allow passengers to book FHV service through their own app or website are already accountable to the TLC; they do not need an additional license to offer such booking options. However, other problems have arisen as a result of the use of these apps. Specifically, when passengers booking FHV service use an app or website operated by a base, they do so without speaking directly to a person who can provide information about the requested trip, including the rate quote, and vehicle and driver information, when necessary. A person can also answer any questions about the requested trip. Since they cannot speak to a person, passengers that book FHV service through an app or website need all of the important information upfront on the app. The proposed rules would require a base's booking app or website to prominently display rates, including any lawful price multiplier, and

provide receipts with the TLC license numbers for the dispatched vehicle, dispatched driver, and the name and license number of the dispatching and affiliated base.

Protection of Private Information

As bases collect more information about passengers through websites and apps, including credit card numbers and other personal information, it is important that they safeguard this information and inform TLC of any security breaches. The proposed rules would require all bases and licensed apps that collect and maintain customer information to create a privacy policy for that information and to file the privacy policy with the TLC. Additionally, the proposed rules would require bases to notify the TLC if there is a security breach, as defined by New York State law.

Use of Same Business Names by Multiple Bases

Many licensed bases that allow passengers to book FHV service through a website or app operate as consortia, using one public-facing business name. As with apps that operate through agreements with multiple bases, these bases can funnel their liability for violations of TLC rules onto one of the bases in the consortium. To ensure that this does not occur, the proposed rules would require all bases to file any trade, business, or operating names they use in addition to their official base name. Additionally, if a group of bases uses the same business, trade, or operating name, if any one of those bases is suspended or revoked, all of the bases using that business, trade, or operating name will be suspended or revoked.

Street Hail Liveries

The increased use of third party and base-owned apps to dispatch cars has also raised questions about how they affect Street Hail Livery drivers and dispatches. The proposed rules clarify that Street Hail Liveries may accept all types of dispatches, including by app.

These proposed rules also:

- Restrict the locations at the airports where a vehicle can accept a dispatch
- Allow FHV's to have an electronic device that accepts dispatches
- Require FHV bases to submit more detailed rate schedules
- Require bases to have a way for passengers to contact them for customer service related issues
- Require bases to inform passengers who want to complain about a driver to do so directly to the TLC who can, if appropriate, suspend or revoke a Driver's TLC license

The Commission's authority for these rules is found in section 2303 of the New York City Charter and sections 19-503 and 19-511 of the New York City Administrative Code.

New material is underlined.
[Deleted material is in brackets.]

Section 1. - 3) Has a Passenger facing interface that Passengers can use to book FHV service; and,
- 4) Uses a different public facing name in its branding, operations, promotions, or advertisements than any of the trade, business, or operating names that the licensed Bases that purchased, leased, or used the App have on file with the TLC.

An FHV Dispatch Application does not include a website, smartphone application, or other electronic means through which a Passenger may book FHV service that uses the same public-facing name in branding, operations, promotions, or advertisements as the trade, business, or operating name the Base has on file with the TLC. (The terms "Medallion Taxicab," "Licensed Taxicab," and "Taxicab" mean the same thing, and may be used interchangeably.)

- (iv) If the FHV Dispatch Application Provider receives notice, from an insurance company or other person, that any insurance policy required under this subdivision will expire, be cancelled, or terminated for any reason, the FHV Dispatch Application Provider must immediately forward a copy of the notice to the Commission and the New York City Comptroller at:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/sellnyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/sellnyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and the OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/sellnyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
