Click on Register Button to register and create your account. The following screen will appear:

Login to your account in the NYC DEP Online Permitting System

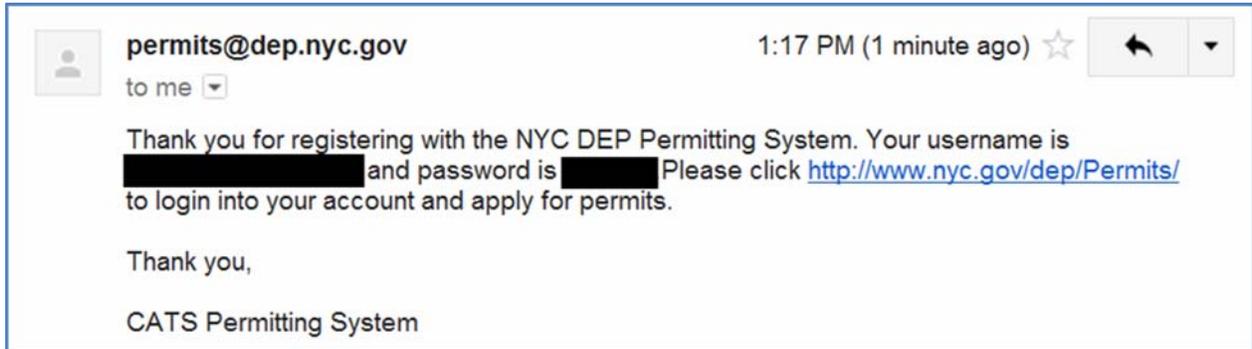

1. There are various ways to login to your account in the NYC DEP Online Permitting System, as explained below:

A) As you register your account in the NYC DEP Online Permitting System, Home Page screen will appear. You can click on the Login Button shown below to login to your account and

apply for permits.

- B) An email will be sent on the email address provided by you at the time you registered your account. You can also click on the link provided in the email to login into one's account and apply for permits.

- C) You can directly go to the following link:
http://www.nyc.gov/html/dep/html/air/air_code_related_forms.shtml
The following screen will appear:

The image shows a screenshot of a web page titled 'Log On' in green text. Below the title, it says 'Please enter your user name and password. [Register](#) if you don't have an account.' There is a section titled 'Account Information' which contains two input fields: 'Email address' and 'Password'. Below these fields, there is a blue link for 'Forgot Password' and a blue button labeled 'Log On'.

Enter the email address that you have registered with NYC DEP Online Permitting System.
Enter your correct password, and click on Log On Button as shown below:

Log On

Please enter your user name and password. [Register](#) if you don't have an account.

| Block * 0000 | Lot * 00 | |

Tax Exemption: Please specify if your property is a tax exempt property and/or owned by the Government by selecting either the “yes” or “no” button. If the answer to either of the two questions is yes, you will be entitled to a tax exemption. You can also mention the name of your agency.

| Tax Exemption | | |
|---|---|--------------------|
| Is Tax Exempt Property * <input checked="" type="radio"/> Yes <input type="radio"/> No | Is Government Owned Property * <input checked="" type="radio"/> Yes <input type="radio"/> No | Agency Name xyz |

Chimney Information: Enter the height, diameter, radial distance above, and radial distance below the chimney in feet.

| Chimney Information | | | |
|---------------------|------------------|-----------------------------|-----------------------------|
| Height(Feet) | Diameter(inches) | Radial Distance Above(Feet) | Radial Distance Below(Feet) |
| 4 | 2 | 1 | 1 |

Boiler Information: Select Boiler Type from the drop down list, i.e., Boiler , Warm Air Heater, Water Heater, Heater/ Chiller. Mention the name of Manufacturer, and the model. This is usually found on the name plate.

Please mention the number of identical units including this one.

If the unit is new select the “yes” if not then select “no”.

If the unit is a Replacement select “yes” if not then select “no”.

If the unit is a replacement, provide the installation number of the equipment it is replacing. The installation number will be cancelled to avoid future enforcement action against it.

Mention the input of the unit in BTU/Hour. This information is usually found in the manufacturer’s literature or on the name plate. It’s the larger number than the Output BTU/Hour.

Mention the Output in BTU/Hour. This information is usually found in the manufacturer’s literature or on the name plate. It’s the smaller number than the Output BTU/Hour.

Mention the Firing rate in Cubic feet per Hour or Gallons per Hour.

If firing #2/B2, Biodiesel = maximum gallons per hour (G.P.H)

[1 G.P.H = 140,000 BTU/Hour]

If firing Natural Gas = maximum Cubic Feet per hour (C.F.H)

[1 C.F.H = 1000 BTU/Hour]

| Boiler Information | | |
|---|---|--|
| Usage --Select Boiler Type-- | | |
| Manufacturer * manufacturer | Model * model | Number of Identical Units including this one * 1 |
| Is New * <input checked="" type="radio"/> Yes <input type="radio"/> No | Is Replacement * <input type="radio"/> Yes <input checked="" type="radio"/> No | Replaced Installation Number |
| Input * (BTU/Hour) 350000 | Output * (BTU/Hour) 350000 | Firing Rate * (Cubic Feet Per Hour or Gallons per Hour) 3 |

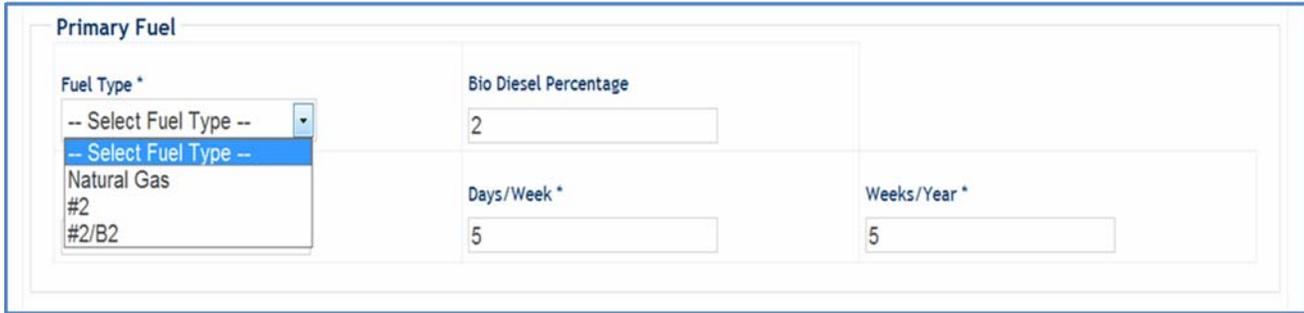

Burner Information: Specify if the burner is an integral part of the boiler, by clicking the “yes” or “no” buttons. In case you click “yes”, the burner information gets automatically updated from the above information which you provided in the form. Name of manufacturer and model number is usually found on the name plate. Please do NOT pump or motor information (eg. General Electric 115 Volts etc.)

| Burner | |
|--|---|
| Is the Burner an integral part of Boiler ? : | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Manufacturer * manufacturer | Model * model |

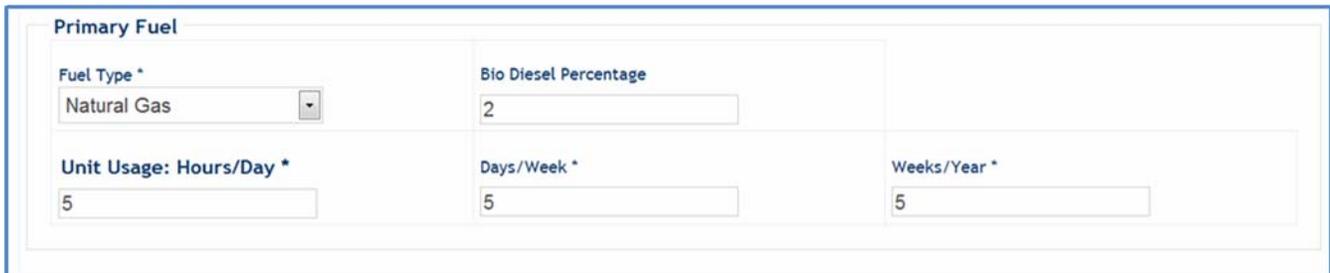

If you click “no”, the burner information remains blank, and you may fill it in yourself.

| Burner | |
|--|---|
| Is the Burner an integral part of Boiler ? : | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Manufacturer * | Model * |

Primary Fuel Information: Select the Fuel Type from the drop down list, i.e., Natural Gas, #2, or #2/B2. Enter Bio Diesel Percentage; this value is taken in percentage value.

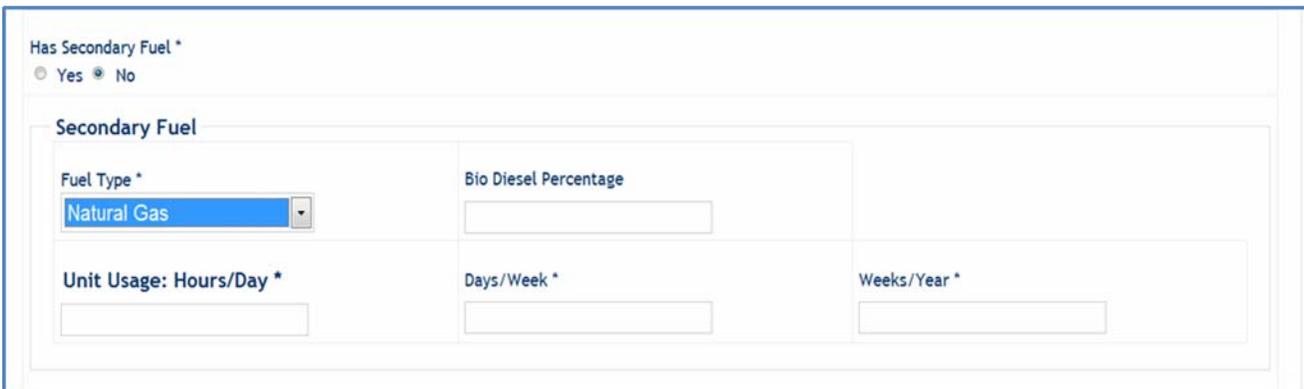

The screenshot shows the 'Primary Fuel' section of a form. A dropdown menu for 'Fuel Type *' is open, showing options: '-- Select Fuel Type --', 'Natural Gas', '#2', and '#2/B2'. The 'Bio Diesel Percentage' field contains the value '2'. The 'Days/Week *' field contains '5' and the 'Weeks/Year *' field contains '5'.

The screenshot shows the 'Primary Fuel' section of a form. The 'Fuel Type *' dropdown menu is closed and shows 'Natural Gas'. The 'Bio Diesel Percentage' field contains '2'. The 'Unit Usage: Hours/Day *' field contains '5', the 'Days/Week *' field contains '5', and the 'Weeks/Year *' field contains '5'.

Enter the unit usage in Hours per day = varies 4-5 hours a day for heating load.
Enter the unit usage in days per week = for heat & hot water usually 7 days a week.
Enter the unit usage in weeks per year = 52 weeks or, if seasonal, 36 weeks.

Secondary Fuel Information: Specify whether secondary fuel is being used or not, by clicking either the “yes” or “no” button. If you mark as no, then the secondary fuel information has to be kept empty.

The screenshot shows the 'Secondary Fuel' section of a form. At the top, there are radio buttons for 'Has Secondary Fuel *' with 'Yes' and 'No' options. Below this, the 'Secondary Fuel' section has a 'Fuel Type *' dropdown menu set to 'Natural Gas', an empty 'Bio Diesel Percentage' field, and empty fields for 'Unit Usage: Hours/Day *', 'Days/Week *', and 'Weeks/Year *'.

If you click the “yes” button, then you MUST enter secondary fuel information.

Select fuel type from drop down list, i.e., natural gas, #2, #2/b2.

Enter Bio Diesel Percentage; this value is taken in percentage value.

Enter the unit usage in days per week = varies 4-5 hours a day for heating load.

Enter the unit usage in days per week = for heat & hot water usually 7 days a week.

Enter the unit usage in weeks per year = 52 weeks or, if seasonal, 36 weeks.

The screenshot shows a form section titled "Secondary Fuel". At the top, there is a label "Has Secondary Fuel *" with radio buttons for "Yes" (selected) and "No". Below this is a large white box containing several input fields: "Fuel Type *" is a dropdown menu with "Natural Gas" selected; "Bio Diesel Percentage" is a text input field; "Days/Week *" is a text input field; and "Weeks/Year *" is a text input field.

Do you have additional equipment? If you mark as no, then the form is complete and you can now save your form by clicking "Save" button.

The screenshot shows a form section with the question "Do you have additional equipments? :". To the right of the question are radio buttons for "Yes" and "No", with "No" selected. Below the question is a blue "Save" button, which is highlighted with a red rectangular box.

If you mark as Yes, then you have to fill in the information about the additional equipment by clicking on the 'add additional equipment' link to fill the information about the additional

The screenshot shows a form section titled "Add Additional Equipment". At the top, there is a label "Do you have additional equipments? :" with radio buttons for "Yes" (selected) and "No". Below this is a blue "Add Additional Equipment" link, which is highlighted with a red rectangular box. Underneath the link is a table with columns for "Make", "Model", "Description", and "BTU". At the bottom left of the form is a blue "Save" button.

equipment

The following form appears: Enter the required information about the manufacturer, model, and the description and the input in BTU/Hour.
Click on the “Add” button to add the additional equipment.
Click on the “Cancel” Button, to cancel the additional equipment that you have mentioned in this form.

All the details about your submitted requests will be displayed as follows:

| My Un-Submitted Requests(1) | My Submitted Requests(1) | Create Request | Renew Request | | | | |
|---|--|--------------------------------|-------------------------------|----------------------|---------------------------------|------------------------|-----------------------|
| Request Id | Request Type | Status | Created On | | | | |
| 2027 | Boiler Registration 0000 00 Brooklyn 12345 | finalized | 5/3/2012 2:07 PM | Edit | Add Attachments | Delete | Clone |

Responding to review questions on the NYC DEP Online Permitting System

Your submitted request is reviewed by the DEP. DEP may object or approve your request and you may respond to the review questions.

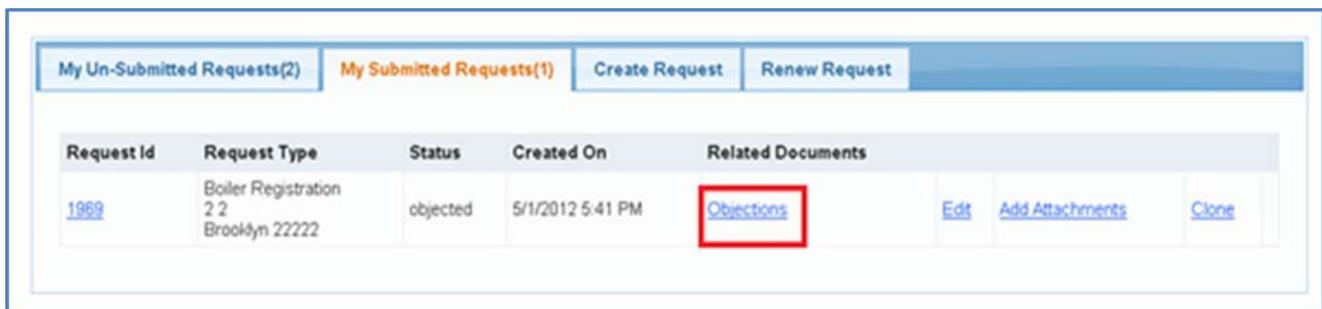

If your request has been objected, screen will appear as follows:

The screenshot shows a user interface with a navigation bar at the top containing tabs for 'My Un-Submitted Requests(1)', 'My Submitted Requests(1)', 'Create Request', and 'Renew Request'. Below the navigation bar is a table with the following data:

| Request Id | Request Type | Status | Created On | Related Documents |
|----------------------|--|----------|------------------|-----------------------|
| 2027 | Boiler Registration 0000 00 Brooklyn 12345 | accepted | 5/3/2012 2:07 PM | Clone |

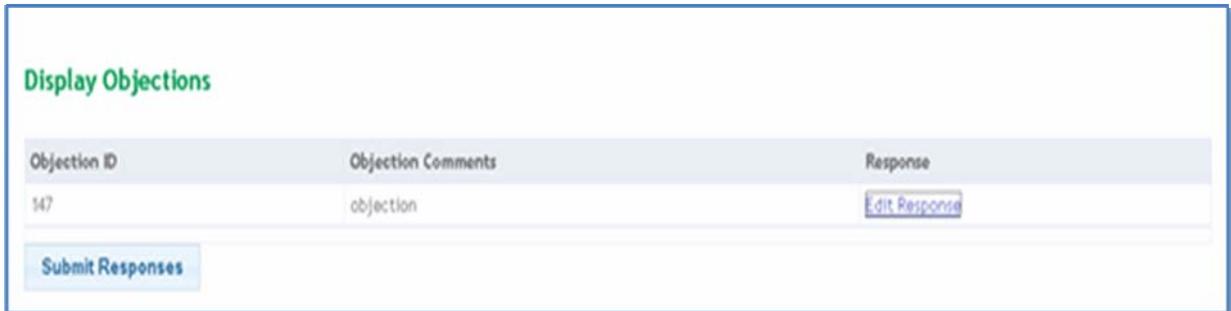

You can respond to the objections by clicking on the objections Link:

The screenshot shows a user interface with a navigation bar at the top containing tabs for 'My Un-Submitted Requests(2)', 'My Submitted Requests(1)', 'Create Request', and 'Renew Request'. Below the navigation bar is a table with the following data:

| Request Id | Request Type | Status | Created On | Related Documents |
|----------------------|--|----------|------------------|---|
| 1989 | Boiler Registration 2 2 Brooklyn 22222 | objected | 5/1/2012 5:41 PM | Objections Edit Add Attachments Clone |

The objections raised by the DEP Reviewer will show on your screen:

The screenshot shows a web interface titled "Display Objections". It features a table with three columns: "Objection ID", "Objection Comments", and "Response". The first row contains the value "147" under "Objection ID" and "objection" under "Objection Comments". In the "Response" column, there is a text input field and a button labeled "Edit Response". Below the table is a "Submit Responses" button.

| Objection ID | Objection Comments | Response |
|--------------|--------------------|--|
| 147 | objection | <input type="text"/> Edit Response |

[Submit Responses](#)

You can click on Edit response to submit your responses to the DEP reviewer’s objections:

This screenshot is identical to the one above, but the "Edit Response" button in the "Response" column of the table is highlighted with a red rectangular box.

| Objection ID | Objection Comments | Response |
|--------------|--------------------|--|
| 147 | objection | <input type="text"/> Edit Response |

[Submit Responses](#)

Please write your responses in the Response text box, and click on the “save” button to save your responses for the DEP.

Registration

The holder of this registration certificate is responsible for the use of the equipment in accordance with all the applicable requirements and provisions of the New York City Air Pollution Control Code. Violations of the Air Pollution Control Code can result in the imposition of penalties by the Environmental Control Board. This Certificate must be posted in the vicinity of the designated equipment. It may not be transferred to any other equipment.

Application for renewal of this registration certificate must be submitted no later than ninety (90) days prior to the expiration date.
