

DON'T DRIP N.Y. DRY!

Drip, Drip, Drip.
It's not a nice sound.
Drip, Drip, Drip!
Soon no water will be found.

Don't water your lawn
Don't wash your car
Because the water we have
Won't go very far.

Reservoirs are low
Consumption is high
Not very much rain
Is coming from the sky.

Remember
You oughta save water!

Activity: Write your own poem about water and read it to your family. What is their reaction?
