

PD WTC 2013

Trinity Place Reconstruction Advisory:

Starting Monday, January 13, 2014

Reconstruction of roadway, installation of a concrete median on Trinity Place between Rector Street and Liberty Street.

Work Zone will be located on west side of Trinity Place starting midblock between Rector St and Thames St allowing for two lanes for traffic up to Liberty Street.

Existing bus stops on the East side within the work zone will be maintained.

NYPD Traffic Enforcement Agents will be deployed to assist with circulation and enforcement.

***Absolutely no tour bus idling or layover is permitted alongside or approaching the work zones.**
