4th Annual Mobility Management Conference

Welcome Address

Denise Ramírez

Director, Metropolitan Planning & Grants
New York City Department of Transportation

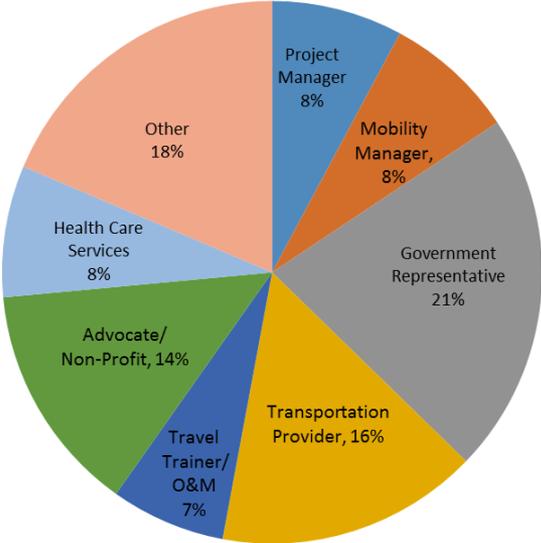

Mobility Management Conference

The purpose of the Mobility Management Conference is to bring together transportation service providers, mobility managers, government officials, project managers, and others to learn innovative solutions for addressing mobility needs of people with disabilities, older adults, and low-income populations.

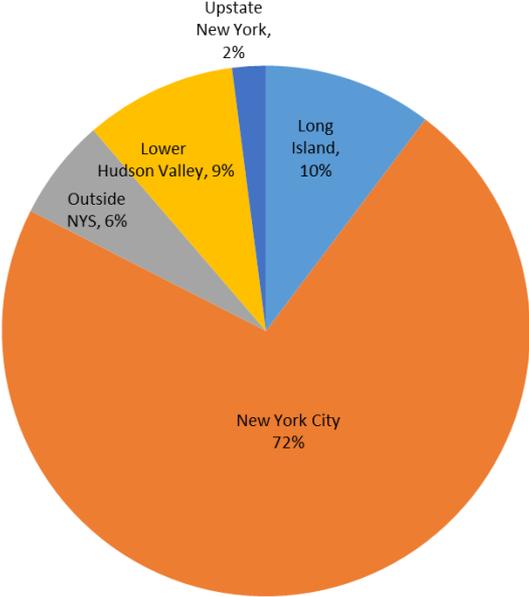

Mobility Management Conference Participants

2016 Participant's Primary Role/Industry

2016 Participant's Region

Mobility Management Conference Focus

- Health & Transportation.

Mobility Management Program

NYC DOT's Mobility Management Program seeks to coordinate and improve transportation opportunities for **people with disabilities, older adults, and low-income population** groups.

Major focus areas of the program:

- Coordination efforts within our agency, with other agencies/organizations as well as the public.
- Development of resources & tools.
- Identification of strategies to improve transportation services.

MMP: Access to Independence – Transportation Expo

- July 2015.
- The Transportation Expo provided information on transportation services, programs, and resources.
- Public event in Harlem, with approximately 40 exhibitors.

MMP: Travel Training Workshops

- August 2015.
- Focus on placement of street furniture:
 - Walk NYC Totems.
 - Bus Shelters.
 - City Benches.
 - Select Bus Service Stations.
- Participants:
 - Travel Trainers.
 - Orientation & Mobility Specialists.
 - DOT Staff.

MMP: Travel & Mobility with DOT

- October 2015.
- Tours that focused on the travel experience from the perspective of persons with:
 - Vision impairments.
 - Mobility impairments.
 - Cognitive disabilities.
- Participants:
 - 35 senior staff at DOT.

MMP: Looking forward

- Workshops with travel trainers.
- Tactile guide ways.
- Applications/Technology development.
- Data collection.
- Increased collaboration.

MMP Conference Workshop

- Identify gaps with the current mobility management network/accessibility challenges.
- Identify collaborative solutions to address gaps.
- Coordinated Plan (upcoming).

Thank you!
