to the act of knowingly selling, using, manufacturing, distributing, advertising and patronizing services and items that bear counterfeit logos or marks. It is estimated that counterfeiting costs the U.S. economy \$200 billion to \$250 billion per year and is a threat to the success of businesses around the world. This presentation aims to highlight the various dangers of counterfeit goods.

We will also be signing up our members this meeting for the April Community Council

Police Museum trip which will be on April 13th.

Community Council meetings keep you informed about what is happening in our community, provide insight on how the NYPD operates and also gives

you the opportunity to speak with your Commanding Officer, Deputy Inspector Maguire. We look forward to seeing everyone and ask that you please forward this invitation to your friends, family and civic members.
