**Re: Remedial Action Work Plan Addendum 2 – 2211 Third Avenue, New York, NY
OER#12EHAZ218M**

Dear Mr. Wong:

P.W. Grosser Consulting, Inc (PWGC) has prepared this letter on behalf of the property developer to document the proposed modification to the Remedial Action Work Plan (RAWP) prepared by Environmental Business Consultants (EBC) for the above reference site. The proposed modification addresses the change in location of proposed confirmatory endpoint samples. The excavation plans were modified to include excavation to a minimum of 18 feet across the site which is deeper than originally proposed. A total of six endpoint samples will be collected throughout the site as shown on **Figure 1**.
