Newbold Morris, Commissioner of Parks, announced today that construction work has started for the development of the first organized skiing area in New York City.

Located in the southern section of Van Cortlandt Park between the Major Deegan Expressway and Mosholu Parkway, this new facility will provide three ski slopes, five powered rope tows, floodlights for night skiing and a complete snow-making system.

A rental service will be provided with 1,000 pairs of skis, boots and poles for skiers who do not wish to bring their own equipment. For a $3 rental charge, skiers will be outfitted with a pair of skis, boots and poles for the entire day and evening. Refreshment stands are being installed, along with an attended first aid station. Instructors will operate a ski school and private lessons will be offered.

This ski area will provide an additional recreational activity, which was previously lacking in our present park program.

 Commissioner Newbold Morris stated, "No sport has increased in popularity so rapidly throughout the country. Here is a public facility which will afford an opportunity for New Yorkers of all ages to try out the slopes with the least possible danger."
This facility may be reached by local transportation, subway, bus or automobile, and patrons may enjoy a day of skiing for a fee of $2 per person. Children under 14 years of age will be admitted for $1. Existing parking facilities may be used at the boat house near the ski slopes.

Metropolitan Ski Slopes, Inc., will operate the facility under agreement with the Department of Parks. It is expected that the slopes will be open to the public about January 15.
The 14th annual Department of Parks Christmas Carol Festival will be held Sunday, December 16 at 3:00 P.M. at the Wollman Memorial in Central Park, opposite 64th Street and Fifth Avenue.

Christmas music will be performed by the Department of Sanitation Band under the direction of John Celebre, Bandmaster.

Carols will be sung by two noted choirs: The Broadway Temple Chancel Choir and Quartet under the direction of Miss Helen Wallace and the St. Monica's Church Choir of 100 boys under the direction of the Reverend John C. Cannon.

Solo selections will be sung by two outstanding stars of the Metropolitan Opera Company who are making guest appearances on this program.

Everyone attending can participate in community caroling which will be directed by Mr. J. Bailey Harvey, formerly of the University Glee Club, who has been Master of Ceremonies of New York City's Christmas Carol Festival ever since its inception. An attractive souvenir booklet with the words and music of many favorite carols will be distributed without charge so all can enjoy this part of the program.

The Wollman Memorial will be attractively decorated with three 25 foot tall Christmas trees and with holly, hemlock, laurel, princess pine, ruscus, and pine cones.
The public is invited to attend and enjoy an afternoon of free holiday entertainment.
Newbold Morris, Commissioner of Parks, announces that twenty-six Christmas trees located throughout the city will be lighted on Thursday, December 13th, at 5:00 P. M. Tree lighting ceremonies will be held at City Hall, Manhattan; Borough Hall, Brooklyn; Joyce Kilmer Park, Bronx; Queens Borough Hall and Richmond Borough Hall.

The City Hall ceremonies in Manhattan will be broadcast. Mayor Wagner will deliver his annual Christmas message, and a switch will be thrown, lighting the sixty-foot high tree officially beginning New York's observance of the Yuletide season. Honorable Edward R. Dudley, Borough President of Manhattan, will also speak at the Manhattan ceremony. Christmas music will be played by the Department of Sanitation Band. The Equitable Life Assurance Society Choral Club and the Glee Club of the School of Education of Fordham University will sing traditional Christmas songs and carols.

The switch, lighting the tree, will also light a green wreath, eighteen feet in diameter decorated with red berries, pine cones, hemlock, and white ruscus and holly, over the main entrance of the Park Department Headquarters at the Arsenal, 64th Street and Fifth Avenue, Central Park, Manhattan. In the center of the wreath is a star on a field of sky blue.

This colorful display, weighing approximately 2,000 lbs, was fabricated and installed by Park personnel.
The trees and the star will be lighted each evening after
the ceremony from 4:30 P.M. to midnight until January 2, 1963.

The Triborough Bridge and Tunnel Authority and the Department of Parks announce that detouring of Shore Parkway traffic between Owl’s Head Park at 67th Street and Bay 8th Street in Brooklyn will be resumed on Thursday, December 6, 1962 at 10 A.M. The closing of the Parkway for short periods of time on a limited number of occasions is a necessary safety measure taken to permit the erection of the catwalk from which the workmen check and control the laying of the strands of the main cables.

All closings of the Parkway will be on week days between the hours of 10 A.M. and 3 P.M. The Parkway will not be closed on Saturdays, Sundays and holidays. Radio traffic information and signs along the Parkway will provide advance notice of all closings. The first such closing took place on Thursday, November 8, and was contained in a Triborough Authority release dated November 5, 1962.

TEMPORARY DETOUR ROUTES FOR SHORE PKWY TRAFFIC AT VERRAZANO-NARROWS BRIDGE CONSTRUCTION
MEMORANDUM TO: News Desks, Picture Desks, and Assignment Editors.

SUBJECT: CORRECTION CORRECTION CORRECTION

RAISING OF FIRST CABLE LINK BETWEEN TOWERS OF VERRAZANO-NARROWS BRIDGE DELAYED.

Raising of the first cable to span the Narrows between the two 690 foot towers of the Verrazano-Narrows Bridge, originally scheduled for Friday, December 7, 1962, has been POSTPONED because of weather conditions.

The cable raising is now tentatively scheduled for Monday, December 10, 1962 at 1 P. M.

We suggest that your assigned representatives call Mr. Kinney at the Bridge Field Office - TErrace 9-2077 on Monday morning to confirm that the cable raising will take place as scheduled.

Your representatives should check in at the bridge site field office at 101st Street and Fourth Avenue, Brooklyn, for guidance to the wharf where water transportation will be available.
MEMORANDUM TO: News Desks, Picture Desks, and Assignment Editors.

SUBJECT: CORRECTION DETOUR OF BROOKLYN SHORE PARKWAY TRAFFIC POSTPONED

Adverse weather conditions have forced a delay in the work schedule for the erection of the catwalk from which the workmen check and control the laying of the strands of the main cables for the Verrazano-Narrows Bridge. Therefore, traffic on the Shore Parkway between Owl's Head Park at 67th Street and Bay 8th Street in Brooklyn will NOT be detoured on Thursday, December 6, 1962.

It is now contemplated that the roadway closing and traffic detour mentioned above will take place on Friday, December 7, between 10 A.M. and 3 P.M. provided weather conditions permit progress in the work schedule.

We will endeavor to keep all media informed of any change in the foregoing.

purchased at borough headquarters starting Monday, December 3, 1962
and may be used on and after that date.
It has become increasingly evident that this Department has been singled out by the Committee as a target for moot and malicious statements asserted vigorously as fact, and as a suitable medium for the promotion of advanced ideas of design with no concern for budget considerations or for the very real problems of maintenance and operation about which the group apparently knows little and cares even less.

In your editorial on the subject you stated our use of "the dead hand of the past" to stifle "imagination and flexible experimentation" in playground design. The Park Department began experimenting with new forms of safety surfacing fifteen years ago. We have recently instituted a modernization program for our playgrounds quite independently of the present campaign by private groups. We plan to develop a "modern" playground on an experimental basis in each borough. If they prove successful, we shall continue building them elsewhere. They will vary in design and will incorporate many new ideas, not merely the provision for new types of equipment. Wherever possible, there will be an increased use of trees and other planting.

Your editorial criticizes by implication the use of concrete in park playgrounds. Concrete is used only on handball courts and an occasional shuffleboard court where it is necessary to provide a level and functional playing surface acceptable to players. Asphalt pavement is required wherever year-round use is mandatory but we also use turf fields for baseball and football when practical to do so.

Our use of rubber matting under play equipment was not the result of pressure by any private group. For fifteen years the Park Department has been testing surfacing materials, seeking a safe and practicable one. As long as a year ago, a promising surface material was installed under a slide in the playground at Park Avenue and 108th Street to see how it would withstand vandalism and intensive but normal usage. A similar surface installation was made in the playground at Amsterdam Avenue and West 104th Street. Another new and different type of safety surfacing is being tried in Riverside Drive and 76th Street.

Your editorial did not indicate the complete story about the installation of new equipment in the Riverside Park playground at 76th Street. The Park Department did far more than merely to cooperate with the community group which
Mr. John B. Oakes  
Editor of the Editorial Page  
The New York Times  
229 West 43rd Street  
New York, New York

Dear John:

I received your letter and understand perfectly why you decided not to publish mine addressed to you on the subject of Morningside Park. I have been meaning to write you another with regard to your editorial of October 31st, entitled, "The Past and the Parks." This editorial implies support of a campaign initiated recently by a small, articulate and literate group of people who seem to consider themselves expert in the fields of park and playground design, administration, operation and maintenance but appear to be happily free of responsibility to anyone but themselves.

THE TIMES has long been a leader in keeping the public informed and appreciative of the growth and improvement of New York's park system and its outstanding recreational program. That is the proper concern of a great newspaper and it is equally its duty to the community to offer constructive criticism when it considers it justified.

However, recent news articles and editorials on such topics as the improvement of Tompkins Square, the activities of the so called "Committee for Action on Parks and Playgrounds", and the design and equipment of playgrounds, which was the theme of your editorial of October 31st, indicate that your paper does not possess all the facts. Instead of objective reporting and comment you imply as fact that park design and administration in New York City is engaged in a battle with modern enlightenment and its only defense is "the dead hand of the past." That is the impression the Committee wishes to foster and does not seem to be in accord with the twenty-six years during which Mr. Moses reorganized a new city-wide park system which was acclaimed throughout the country. The reason I take the trouble to write to you from time to time is because the people who have loyally worked in this department happen to be readers of your paper and happen to have made unusual contributions in imagination as well as professional skill to existing park facilities. As you know, the system included less than 15,000 acres when Mr. Moses became Commissioner and he left us with a heritage of more than 36,000 acres. I don't know if you have read the reports, Mr. Moses last entitled, "Twenty-six Years of Progress", and our biennial report of this year. I am enclosing a copy of the recent one, hoping that you will turn the pages and look at the record.
Mr. John B. Cakes

November 21, 1962

contributed $2,500 towards the cost. An additional $10,440 from the budgeted funds of the Department was required for the installation of the equipment, the construction of a curved playwall, and the rubber safety surfacing. That sum does not include the cost of preparing the plans and specifications or supervising the construction.

The standard swings, slides, and see-saws will never be obsolete. They are conducive to active play and children enjoy them. We shall brighten their appearance by painting them in various colors and, in some areas, combine them with newer forms of equipment.

As Commissioner of Parks, the design, development, maintenance and operation of the park system is my responsibility and concern. I do not intend to delegate any part of that responsibility to self-appointed committees or change course at every gust of hot air.

I have and do meet with groups from every region in the five boroughs. I listen to them, take notes, and try to develop plans which will meet with the approval, if not unanimous, of the majority of the users of the particular park before us. It took seemingly endless meetings to arrive at a new design for Tompkins Square Park, but finally it happened. Now we commence with Washington Square Park, which will be a much more difficult job. Obviously unless we do please the majority, the various city agencies are not going to provide the necessary funds to pay for the work.

Constructive and objective criticism from responsible sources in the community will always be welcome, but vigorous exception must and will be taken to unsubstantiated, inaccurate and unjustified snipings and attacks.

Very sincerely yours,

Commissioner
STATEMENT BY NEWBOLD MORRIS, COMMISSIONER OF PARKS, AT THE BOARD OF ESTIMATE
PUBLIC HEARING ON THE PROPOSED 1963-1964 CAPITAL BUDGET

Mayor Wagner, Members of the Board of Estimate, I would like to speak as briefly as possible on several of the very urgent items of our 1963-1964 Capital Budget Request which were reduced or dropped in the Proposed Capital Budget submitted to you by the City Planning Commission November 1st and which should be restored by your Board.

1. Project P-56, Land Acquisition. I ask that in view of the approval of the referendum on the State Bond Program in the last election the amount of additional city funds be increased to $11,563,100, the amount we originally requested. Intensive residential and commercial construction makes it imperative that we provide funds for acquisition of vacant land for future parks and playground development.

2. Project P-127 School Playgrounds. Our original request was for $5,815,790 additional funds. This has been reduced to $2,000,000 in the proposed 1963-64 Capital Budget. If we do not get at least $1,000,000 in additional funds we will have to cut our school playground program drastically and defer construction on many jointly operated playgrounds to the detriment of both school and park recreation programs. There has been much complaint about the delay in completing school playgrounds too long after the completion of the school and we are now working out a plan whereby the lapse of time between completion of the school and the completion of the adjacent jointly operated playground will be
eliminated or at least greatly reduced. However, this plan will be useless if we do not have the necessary construction funds in our budget.

3. Project P-245 Rehabilitation of Various Park Playgrounds, Park Facilities, etc.

   This is another project for which I urge more funds be provided than the $2,500,000 appearing in the November 1st Proposed Capital Budget. The allocation with the accruals for 1962 amounted to $3,500,000 and at the present time we have projects awaiting Board of Estimate approval which exceed available funds and accruals by more than $900,000. This was mainly caused by the storm last March. Therefore, the proposed allocation leaves only a little over a million dollars available for reconstruction and rehabilitation of deteriorated park and playground facilities which are continually deferred by unexpected emergencies in the eighteen months covered by the budget you are now considering. I urge that you provide at least $4,000,000 additional funds under Project P-245 so that we can progress at least the most urgent rehabilitation work in 1963-64. You can see for yourselves as you travel throughout the City that a great amount of park rehabilitation work is required.

4. Project P-23 covering the restoration of the heavily used Oakland Lake area of Alley Park in Queens was deferred by the City Planning Commission. Plans are nearing completion and I urge that construction funds in the amount of $238,650 be restored in the 1963-64 Capital Budget as finally adopted. This is one of the most popular park areas in Queens.

5 and 6. Two projects which were omitted from the 1963-64 Proposed Capital Budget for which I urge at least design funds be provided are:

   P-387 - Playground, 24 Avenue, Bay 37 Street, south of Bath Avenue, Brooklyn  
           $14,100

   P-446 - Playground at Gravesend and West Roads, Brooklyn  
           6,175
Both communities are in dire need of the recreation facilities.

7. Project P-189 Alley Park Addition - Queens

We recently acquired under the State Land Acquisition Act of 1960 a large addition to Alley Park from 37 Avenue to 46 Avenue and from east of the Northern Boulevard - Cross Island Parkway Intersection and Little Neck Bay to 231 Street. I urge that at least design funds in the amount of $224,720 be provided. We cannot acquire property and then forget about developing it.

At present time 50 acres of the North Hills Golf Course are under the jurisdiction of the Park Department. We plan to acquire an additional 55 acres with state aid under the referendum approved at the last election which will enable us to revamp the area (15 holes) into a full eighteen-hole golf course with clubhouse including restaurant concession as well as food bar and golf pro concession. I urge that the 1963-64 Capital Budget provide $690,850 for design, construction, and equipment of this facility from which we expect to realize an annual revenue of $214,500. It would be folly to discontinue the operation of this popular facility.

9. Project P-191 Adele R. Levy Memorial Playground in Riverside Park

This appears in the Capital Program for 1963-64 but should be in the Capital Budget for 1963-64. The contract for design was sent to the Board of Estimate on October 23, 1962 and was referred to the Budget Director October 25, 1962 (Calendar 331). Our request is for $500,000 which is to be matched by private contributions to the Adele R. Levy Memorial Fund. $90,000 of the private funds have been deposited with the Comptroller to date.
10. Project P-492 for Staten Island War Memorial Stadium in Great Kills Park and Skating Rink in Clove Lakes Park, Richmond also appears in the program for 1964-65. I urge that design funds be provided in the amount of $81,525 of which $54,350 will be City funds and $27,175 private funds. A total of $600,000 toward the cost of this project will be donated by the Staten Island War Memorial Association and the Board of Estimate has already accepted this generous offer.

These additions total $7,291,450. Their importance to the City and our park system is such that I strongly urge that the Board of Estimate add them to the Capital Budget as approved by the City Planning Commission so that we can continue development and rehabilitation of our parks to meet the needs of the citizens of the City. The World's Fair will bring many visitors to the city and our parks system will be on display during that time. We should make every effort to show them that the greatest city in the world has an equally great parks system.

Daughters of Union Veterans of the Civil War

In 1893, a commission was set up to provide for the construction of a memorial to the soldiers and sailors who died in the service of the Union during the Civil War. A competition was conducted in 1897 with the intention of erecting the memorial at 59th Street and Fifth Avenue. The design of Charles W. and Arthur A. Stoughton, architects, was accepted and $250,000 was provided for construction. The site was subsequently changed to 89th Street and Riverside Drive. Changing the site required some changes in design and an additional $25,000 was provided bringing the total cost to $275,000. Construction was started in December, 1900, and the Soldiers and Sailors Monument was formally dedicated on Memorial Day in the year 1902.
The ravages of time, atmospheric impurities and weather hastened the disintegration of the marble monument and its condition became progressively worse. After several unsuccessful attempts, former Park Commissioner, Robert Moses supported by Mayor Robert F. Wagner and many veterans organizations and civic groups succeeded in obtaining Board of Estimate approval of the appropriations needed for inspectional purposes and the general rehabilitation of the monument. The Park Department awarded a contract in 1958 for the installation of the scaffolding required for a thorough inspection. As a result, additional funds were approved by the Board of Estimate and in July, 1960 a contract was awarded for the necessary repairs and rehabilitation of the monument. The total cost of the project amounted to $1,094,176.

This was the largest and most difficult monument restoration project in the history of the Department of Parks. The marble capitals and architraves had deteriorated and cracked to such an extent that their removal was necessary. Similar replacements were carved out of Barre Vermont granite which was selected because of its superior strength, density and resistance to weathering. The removal of the capitals and architraves presented an unusual challenge because of the weight of the roof which is 800 tons. Another major problem was replacing the marble blocks comprising the wall of the monument, 70% of which were fractured, chipped or dislocated. All of the marble was resurfaced and recarved. The marble balustrades were replaced with new Indiana oolithic limestone and the concrete paving of the terraces was replaced by Crab Orchard quartzite, with new Vermont marble borders duplicating the original design pattern. The interior of the monument was restored and repolished. 17,000 pounds of sheet lead were required to cover the circular roof and other flat, exposed surfaces.

HISTORY OF THE SOLDIERS' AND SAILORS' MONUMENT

In 1893, a commission was set up to provide for the construction of a memorial to the soldiers and sailors who died in the service of the Union during the Civil War. A competition was conducted in 1897 with the intention of erecting the memorial at 59th Street and Fifth Avenue. The design of Charles W. and Arthur A. Stoughton, architects, was accepted and $250,000 was provided for construction. The site was subsequently changed to 89th Street and Riverside Drive. Changing the site required some changes in design and an additional $25,000 was provided bringing the total cost to $275,000. Construction was started in December, 1900, and the Soldiers and Sailors Monument was formally dedicated on Memorial Day in the year 1902.

The monument is a circular structure with a colonnade of 12 Corinthian columns surmounted by richly sculptured capitals, entablature and cresting. The sculpture is the work of Paul E. Duboy. The diameter at the base is 50 feet and the height above the 100-foot diameter, circular esplanade is 100 feet. The interior is a circular, polished marble chamber ornamented with carvings and containing five niches originally intended to hold bronze statues of the General Staff. At the front of the memorial which faces south, are two large terraces with balustrades, newels and pylons inscribed with the names of generals, battlefields and military engagements. At the rear a long flight of steps descends to a belvedere terrace with seats overlooking the Hudson River and Riverside Park. The overall length of the terraces is 300 feet.

The ravages of time, atmospheric impurities and weather hastened the disintegration of the monument and its condition became progressively worse. A contract was awarded in 1958 for the installation of scaffolding for inspectional purposes. Thorough inspection resulted in a contract being awarded in July, 1960, in the amount of $1,073,372 for the necessary repairs and rehabilitation of the monument.

In the rehabilitation work, types of stone were substituted for the original marble which would better withstand the freezing and thawing temperatures and the airborne industrial wastes in the City's atmosphere. The restoration was supervised by Walter Beretta, Monument Artisan and Sculptor of the Department of Parks.

The Soldiers' and Sailors' Monument as it exists today, restored, strengthened and in many ways more beautiful than ever, is a reminder of the public service of former Park Commissioner Robert Moses, who by his persistence, vigor and vision obtained approval of the appropriations which made the project possible. The Department of Parks is grateful to him and to the many veterans organizations, civic groups and public spirited citizens who gave him their support.

Admission to all performances will be by ticket only. Free tickets may be obtained by sending a self-addressed stamped (4¢) envelope, indicating on the inside flap the date and time of the performance requested, and the number of tickets required. Because of the heavy demand for seats not more than four tickets will be permitted for each request. Requests will be honored in the order in which they are received.

All letters should be addressed to:

It is recommended that a second choice be indicated in the request in the event that tickets for the first choice are not available.
This year's production of "Cinderella", a delightful combination of skillful manipulation and artistic musical background is being presented again by popular request. The 1959 showing proved to be one of the most popular plays in the repertory of the New York City Park Department Marionette Theatre.

The 1962 version, featuring the new, enlarged stage sets, and brilliant costuming of the puppets is sure to appeal to all youngsters 5 years of age and over.

As the familiar story unfolds young and old will delight as Cinderella rides through the forest toward the distant castle, joins the whirling couples at the Ball, and upon the stroke of midnight loses her slipper on the magnificent stair-case in her hurried exit from the Palace.

The Park Department Marionette Theatre, in existence since 1939, performs for more than 500,000 children and parents each year during the indoor and outdoor tours.
Newbold Morris, Commissioner of Parks, announces that the "Punt, Pass and Kick" Contest which was postponed last Saturday because of rain will be held this Saturday, November 10, 1962 at 11:00 A.M. This nation-wide competition for boys from 7 through 11 years of age, is being sponsored by Ford Motors in cooperation with the National Football League.

Boys in the metropolitan area will compete in 5 age groups at 25 New York City Park Department fields.
The Triborough Bridge and Tunnel Authority and the Department of Parks announces that the erection of wire ropes supporting a temporary catwalk for a working platform above which the main cables of the Verrazano-Narrows Bridge will be spun will necessitate occasional detouring of Shore Parkway traffic between Owl's Head Park at 67th Street and Bay 8th Street in Brooklyn during non-rush periods for about ten days during the next three months.

All closings of the Parkway will be on week days between the hours of 10 A.M. and 3 P.M. The Parkway will not be closed on Saturdays, Sundays and holidays.

The first closing of the Parkway is scheduled for 10 A.M., Thursday, November 8th. Radio traffic information and signs along the Parkway will provide advance notice of all closings.

Special signs will be erected to mark detour routes.
All Long Island (east) bound traffic from the elevated Gowanus Parkway will exit at Owl's Head Park at 67th Street and follow "Parkway East" detour signs to the Bay 8th Street eastbound Parkway entrance. The detour route will be along 67th Street, Sixth Avenue, Bay Ridge Parkway, 14th Avenue, Cropsey Avenue and Bay 8th Street. Traffic from the 69th Street Staten Island Ferry will follow "Parkway East" detour signs along Bay Ridge Avenue to Sixth Avenue and continue along detour route to Bay 8th Street eastbound Parkway entrance.

All City (west) and northbound traffic will exit from the Parkway at Bay 8th Street and follow "Parkway West" detour signs to the 68th Street westbound entrance to the elevated Gowanus Parkway. The detour route will be along 15th Avenue, Bay Ridge Parkway and Shore Road.

Construction of the Verrazano-Narrows Bridge is on schedule and the installation of equipment preliminary to the spinning of the four - 36" diameter cables from which the roadway structure will be suspended has been started.

The cables will extend from the anchorage landward of the Shore Parkway in Brooklyn to the anchorage in Fort Wadsworth in Staten Island resting on saddles at the tops of the 690' steel...
towers. Each of these cables will be made up of 26,108 high tensile wires about the thickness of a pencil which are laid side by side and bound together. The steel roadway structure will be supported by groups of four - 2-3/16" diameter vertical suspender cables clamped to the completed main cables. The spinning of the 142,500 miles of wire into these cables will be started in March 1963, and will take about six months to complete.

The closing of the Parkway for short periods of time on a limited number of occasions is necessary to permit the erection of the catwalk from which the workmen check and control the laying of the strands of cable. The spinning operation will not require closing of the Parkway roadways.

Entrants will compete only within their age groups, 7 to 8, 8 to 9, 9 to 10, 10 to 11, 11 to 12th birthday. The contestants competing-category will be based upon his age as of December 30, 1962.

Each boy will compete, on an individual basis, in 3 categories - punting, passing and place-kicking. This will take place on specially marked fields. Judges will score one point for each foot of distance the ball travels on the fly, minus one point for each foot the ball lands to the right or left of a center line. A total of the points
scored in all 3 categories will determine the final winner. No special footgear may be worn for the contest, only ordinary street shoes or sneakers. Football and kicking "tees" will be provided at each location.

Local prizes include National Football League warm-up jackets, specially constructed football helmets and footballs autographed by N.F.L. Champions Green Bay Packers.

State winners will be determined by a comparison of local first place winners' scores in the region. All-expense trips to National Football League games with the winner's father, trophies and autographed footballs are some of the awards planned for regional and national winners.

STATEMENT OF NEWBOLD MORRIS, COMMISSIONER OF PARKS
WITH REGARD TO BROOKLYN CHILDREN'S MUSEUM

Because there have been many inquiries coming into the Department of Parks with regard to the long-proposed relocation of the Brooklyn Children's Museum in a new building to be erected adjacent to the Brooklyn Museum and the Brooklyn Botanic Garden, its sister institutions, I am reviewing its history as follows:

In 1893 the Brooklyn Park Commissioner and the Brooklyn Institute of Arts and Sciences entered into an agreement for the use of the Spanish Adams House in Brower Park as a museum "until the building to be erected by the City . . . . shall be ready for occupancy." It has been used since 1899 by the Brooklyn Institute as a temporary home for the Children's Museum until funds were available for the erection of a permanent museum building on the park property at Eastern Parkway and Washington Avenue which was set aside by the City as the permanent site for the museum activities of the Brooklyn Institute, in accordance with State Legislation enacted in 1891 and 1894.

The present buildings occupied by the Children's Museum are non-fireproof residences dating from the middle of the last century. As such, they are hazardous for use by great numbers of children despite all precautions. They are inefficient and costly to maintain and
operate, poorly adapted to museum and educational purposes and occupy valuable park property which should be redeveloped for the recreational usage of the adjacent community. Development plans for the reconstruction of the areas now occupied by the two old buildings were prepared many years ago by the Park Department. They have been held in abeyance pending the removal of the museum's activities to a new building.

Architectural plans were made a number of years ago for the construction of the Children's Museum's new building but were never carried out for lack of funds. With the rapid development of new exhibition techniques since World War II these plans are now considered obsolete. However, the project has been carried continuously from year to year as a desirable feature of the City's future Capital Budget construction program. Upon the recent recommendation of the Budget Director to the Board of Estimate that new studies be expedited for a building adjacent to the Brooklyn Museum, the Brooklyn Institute of Arts and Sciences agreed to share with the City the cost of preparing new plans and constructing the new building with the approval and encouragement of the Department of Parks, which submitted a contract to the Board of Estimate for the preparation of preliminary plans by a private firm of architects.

The needs of the Children's Museum for a new building center around additional exhibit space, more efficient facilities, more accessible location, parking space for cars and buses, more and better storage room, and a solid, fireproof building. The Museum's services are city-wide. It is the oldest and largest institution of its kind in the United States and the children who visit it come from all sections of the city as well as from the nearby communities of Brooklyn. At the new location it will be able to provide even better service because it
will be possible to make use of the collections and facilities of the Brooklyn Botanic Garden and the main Brooklyn Museum to an extent that is impossible from its present location, and it will free important sections of Brower Park for appropriate recreational development.
Newbold Morris, Commissioner of Parks, announces that the Wollman Memorial Skating Rink in Central Park and the Kate Wollman Memorial Rink in Prospect Park will be re-opened for ice skating, starting Friday, October 12, 1962, Columbus Day, at 10 a.m.

Since this is a holiday, there will be the usual free session for children 14 years of age and under, from 10 a.m. to 12 noon, and holiday prices will be in effect at the other sessions.

The Wollman Memorial is located in Central Park at about 63rd Street west of Central Park Zoo, and north of the 59th Street Lake, and provides for dressing rooms, a food concession, and incidental facilities.

The Kate Wollman Memorial Rink in Prospect Park is located on the north shore of Prospect Park Lake, near Ocean Avenue, and may be reached from either the Lincoln Road or Parkside Avenue entrances, and provides for dressing rooms, a food concession, and incidental facilities.

Special carnival and holiday events are being arranged for both rinks. These events will be announced at a future date.

The attached schedules of sessions and rates for each facility will be in effect.

Newbold Porris, Commissioner of Parks, announces that attendance figures for the Lehman's Children's Zoo in Central Park indicate that this facility is the most popular attraction for children in the park system.

September 28, 1962, is the first anniversary of the dedication of the Children's Zoo. This facility has played host to over one-million visitors, which includes not only children from New York City, but also from adjacent suburban areas and out-of-town visitors.

While the attractions originally provided were adequate when the facility was opened, the program was further expanded to include storytelling, guided lectures, and visual aids that are of interest to young children. Adults are now permitted to visit the Zoo unaccompanied by children on Mondays, because of the many requests for this privilege.

Governor and Mrs. Lehman's continuing enthusiastic interest in the Children's Zoo's daily operations has been helpful in planning and expanding the educational and recreational programs for the children visiting the Zoo.

The Children's Zoo, a gift to the City by Governor and Mrs. Herbert H. Lehman, as a memento of their Fiftieth Wedding Anniversary in 1960, is located at 65th Street and Fifth Avenue, in Central Park, and may be entered through either the 64th Street or 67th Street entrance on Fifth Avenue.

Admission fee for children and adults is 10¢.
Newbold Morris, Commissioner of Parks, announces that the paving of the Ramp, from the Harlem River Driveway to the George Washington Bridge, between West 170th and West 175th Streets, will start Monday, October 1, 1962.

During construction work, two-way traffic will be maintained at all times on a limited basis. On Saturdays, Sundays, and Holidays, the entire roadway will be open for use.

It is expected that work will be completed in thirty days.
Newbold Morris, Commissioner of Parks, announces that on Monday, October 1, 1962, at 12:30 P.M., the entrance to the westbound Interboro Parkway from the Westbound Union Turnpike at the Kew Gardens Interchange, east of Queens Boulevard, will be closed to traffic.

Motorists who normally use this entrance are advised to continue on Union Turnpike and enter the Interboro Parkway at Metropolitan Avenue.

This change is permanent and is required by the construction of the Van Wyck Expressway extension across the Kew Gardens Interchange.

Governor and Mrs. Herbert H. Lehman will be present at the Childrens Zoo in Central Park to welcome the millionth visitor since its opening on September 28, 1961.

The approximate time of arrival of the millionth visitor will be between 2:15 and 2:45 p.m. today.

A memento of being the millionth visitor to the Childrens Zoo will be presented by Mrs. Lehman to the lucky child.
Newbold Morris, Commissioner, announces that the New York City Department of Parks is offering a new, free service to employees of public and private youth-serving agencies in New York City.

The services of Joe and Alice Nash, Park Department Dance Specialists, will be made available in a Fall series on the "Techniques of Dance Instruction" and the presentation of Folk, Square and Round Dancing.

The instruction sessions are planned for 10 consecutive Wednesday afternoons from 1:00 P.M. to 3:00 P.M., starting on October 10, 1962, and will be held at the Brooklyn War Memorial, Cadman Plaza and Orange Street in downtown Brooklyn.

The series will be presented as a free Park Department Recreation Service to members of qualified organizations. It will be limited to 25 members. For registration and further information, call or write before October 1st to:

Newbold Morris, Commissioner of Parks, announces that the sculptured head of Antinous, unearthed during bulldozing operations at the site of the World's Fair in Flushing Meadow Park, Queens, will be presented as a loan, to the Brooklyn Museum. The presentation will be made to Mr. Thomas Buechner, Director of the Museum, at 10:00 a.m., Friday, September 21, 1962, in the Arsenal Building, Central Park, 64th Street and Fifth Avenue.

Many requests from private sources for this work of art had to be denied because it would be illegal to make a gift of City property. Commissioner Morris has decided to put it out on loan to the Brooklyn Museum as an addition to a collection of sculpture by unknown artists of the 19th Century. It is the intention of the Museum to exhibit the sculptured head in a proposed Sculpture Garden at the institution.

There will be one session each day Tuesday through Friday at 3:30 P.M., and one on Saturday at 11 A.M. for the general public.

The Storytelling Sessions for public and private schools will be held at 10:30 A.M. and 1:30 P.M. Monday through Friday. Reservations are now being taken for these sessions.

There is an admission charge to the Children's Zoo of 10¢ for each child and adult. There is no additional charge for the Storytelling Sessions.
Newbold Morris, Commissioner of Parks announces the closing of 17 outdoor swimming pools, located throughout the five boroughs, at the end of business on Sunday, September 9th, 1962. During the summer, 2,346 youngsters participated in swimming meets in the pools. Many young swimmers had their first try at competitive swimming in these Park Department Meets.

In addition to the swimming events, the annual "Learn to Swim Campaign" was conducted in each of the 17 pools through July and August. During these months, over 6,147 children participated in the three phases of a "Learn to Swim" course. Beginners, intermediates and advance courses were conducted. Eleven of the outdoor pools will open as active play centers on Saturday, September 15th, with facilities for paddle tennis, shuffleboard, basketball, table tennis, and group games. The pools which will convert to play centers and which will operate free of charge are:

**MANHATTAN:** Hamilton Fish Pool, E. Houston and Pitt Streets
Colonial Pool, Bradhurst Avenue and 145th Street
Highbridge Pool, Amsterdam Avenue, and West 173rd St.
Thomas Jefferson Pool, 111th Street and First Avenue

THE NAUMBURG CONCERTS
In 1905, Elkan Naumburg, a banker and music lover, saw the need to encourage and stimulate the public's interest in classical music. He engaged a symphony orchestra to give free concerts on the Mall in Central Park, where they have been given without interruption for fifty-seven years. In 1923 he presented to the city the present band shell. After his death in 1924, his sons, Walter W. and George W. Naumburg, continued the concerts in their father's memory. In the will of Walter W. Naumburg, who died in 1959, these concerts are perpetuated by a fund administered by a committee headed by George W. Naumburg. Its purpose is to fulfill the ideals of the founder,— to provide in this beautiful setting, fine programs of classical and contemporary music performed by the best conductors and soloists.

The concerts for the 1962 season will be held on these dates:

   Memorial Day, Wednesday, May 30th at 8:30 P.M.
   Independence Day, Wednesday, July 4th, at 8:30 P.M.
   Tuesday, July 31st, at 8:30 P.M.
   Labor Day, Monday, September 3rd, at 8:30 P.M.

MICHAEL TREE studied the violin under his father's tutelage until the age of twelve, when he was accepted as a pupil of Efrem Zimbalist at the Curtis Institute in Philadelphia. Since his Carnegie Hall debut a few years ago, he has toured the United States and Canada in solo recitals and appearances with the Philadelphia Orchestra and the Los Angeles Philharmonic. Recently he was acclaimed at the first Spoleto Festival in Italy.

IGNACE STRASFOGEL'S musical career started in this country as a pianist. He was accompanist to Piatigorsky, Melchior, Lotte Lehmann, and Szegedi. Later he became official pianist of the New York Philharmonic Orchestra. Since joining the Metropolitan Opera staff, he has conducted many of the operas of the standard repertoire, and also Barber's "Vanessa." He has conducted the Buffalo Philharmonic and the National Symphony in Washington.

Newbold Morris, Commissioner of Parks, announces the successful completion of the 12th Annual Blind Bogey Tournament sponsored by the F. & M. Schaefer Brewing Company and conducted by the Department of Parks at the ten (10) Municipal Golf Courses on Sunday, August 26th.

A total of 5000 regular patrons competed at 18 holes of medal play, with all players selecting their own handicaps in an effort to match the "Blind Bogey" with his own net score. For the third year, THE HOLE IN ONE CONTEST was included as part of the day's program.

Stanley Wyzykowski of 17-56 Clintonville Street, Whitestone 57, New York, an employee of the New York City Transit System, who has been playing golf for 9 years, scored an ace on Clearview's 140 yard 4th Hole, using an eight iron. This was his first Hole-In-One, and it is the first actual Hole-In-One made by a public links golfer in this competition.

Newbold Morris will present Mr. Wyzykowski with a complete golfing outfit consisting of irons, wood, a golf bag and golf balls at a ceremony to be held on Thursday, August 30th, at 2 PM. Charles L. Patterson, chairman of the N. Y. City Transit Authority, and Daniel T. Scannell, a member of the N. Y. City Transit Authority, will be guests at the presentation at the Arsenal, Central Park, 64th Street and Fifth Avenue.

Newbold Morris, Commissioner of Parks, announces that a tennis clinic for boys and girls, from 9 years of age and to but not including 16 years, will be conducted at the tennis courts in Central Park, at West 93rd Street, on Monday, August 27th, from 2:00 to 4:30 P.M. This clinic will be under the sponsorship of the Eastern Lawn Tennis Association, in cooperation with the Wilson Sporting Goods Company and will feature Maureen "Little Mo" Connelly.

Miss Connelly, who as an amateur ranked with the greatest women tennis players of all time, has in recent years turned professional and has been active throughout the country in clinic programs on the school and college level.

Three consecutive times voted the nation's woman Athlete of the Year (1951, 1952, 1953), three consecutive times awarded the No. 1 U. S. net ranking female (1951, 1952, 1953), three times named the world's top female player (1952, 1953, 1954) - no one has dominated the distaff side of the game as much as Maureen "Little Mo" Connelly. In 1953, she accumulated the U. S. Wimbledon, French and Australian championships, gaining the distinction
as the only woman to hold the cherished Big Four title at one time.

Mr. Charles Lundgren, coach and executive secretary for the Eastern Lawn Tennis Association, and John McWilliams, of the Wilson staff, will assist.

There will be no fees for this instruction. Tennis permits are not required.
Newbold Morris, Commissioner of Parks, announces that 4,000 New York City Golfers will tee off this Sunday August 26th, in the 12th Annual Blind Bogey Tournament, to be conducted by the Department of Parks and sponsored by Rudy Schaefer, President of the F. & M. Schaefer Brewing Company.

This tournament has the largest entry of golfers competing in any one tournament and it will also be the greatest single day's assault for a Hole-in-One Contest, which has been included in the competition again this year.

Play will consist of 18 holes of medal play, with all players selecting their own handicaps.

Prizes donated by Mr. Rudy Schaefer will be presented to the Blind Bogey winners, to the low gross scorers, and to the golfer placing a ball nearest to the cup at each course, with a valuable prize awarded to the golfer who actually scores a hole-in-one.

Miss Connelly, who as an amateur ranked with the greatest women tennis players of all time, has in recent years turned professional and has been active throughout the country in clinic programs on the school and college level.

Three consecutive times voted the nation's woman Athlete of the Year (1951, 1952, 1953), three consecutive times awarded the No. 1 U. S. net ranking female (1951, 1952, 1953), three times named the world's top female player (1952, 1953, 1954) - no one has dominated the distaff side of the game as much as Maureen "Little Mo" Connelly. In 1953, she accumulated the U. S. Wimbledon, French and Australian championships, gaining the distinction
as the only woman to hold the cherished Big Four title at one time.

Mr. Charles Lundgren, coach and executive secretary for the Eastern Lawn Tennis Association, and John McWilliams, of the Wilson staff, will assist.

There will be no fees for this instruction. Tennis permits are not required.

The Commissioner of Parks, Newbold Morris, announced today that construction has started on the new Administration Building for the Queens Botanical Garden now being developed in Kissena Corridor Park. The structure will be located in the easterly section of the Garden adjacent to Main Street between Dahlia and Elder Avenues, Queens.

The cost of design of the Administration Building by the architectural firm of Brodsky, Hopf & Adler was met by a generous contribution from Mrs. Albert D. Lasker. Construction funds amounting to approximately $176,000 were authorized by the Board of Estimate as part of the program of permanent park improvements related to the 1964-65 World's Fair. The New York World's Fair Corporation is meeting the expense of supervision of construction.

The building will serve as the headquarters of the Queens Botanical Garden Society which formerly carried on its activities in a section of Flushing Meadow Park now being utilized for the construction of the Van Wyck Expressway Extension and the industrial exhibit section of the World's Fair. The Administration Building will contain offices, library, meeting and lecture rooms, a small kitchen, utility
and storage space, and comfort station facilities for visitors to the Botanical Garden.

The Queens Botanical Garden Society, a non-profit organization, will maintain and operate the new Garden in Kissena Corridor Park under an agreement with the City of New York and the New York World's Fair Corporation which at present holds the park property under lease. The area to be covered by the agreement, which was authorized by the State Legislature in 1961, comprises approximately 24 acres, of which the easterly third adjacent to Main Street is now being intensively developed as formal gardens. The remainder will be developed in 1963 as an informally landscaped arboretum area. The firm of Clarke & Rapuano are the landscape architects for the development of the Queens Botanical Garden.

The Administration Building is scheduled for completion next spring. It will be a center of horticultural interest during the World's Fair period, as well as for community educational and recreational activities in the fields of gardening, botany, and nature study before, during and after the Fair.

Newbold Morris, Commissioner of Parks, announces that the Fourth Annual Junior Fishing Contest, has started on, August 7th at 11:00 A.M. at the 72nd Street Lake in Central Park.

The competition which will carry over a 16 day period, is open to all boys and girls 6 through 15 years of age. More than fifty prizes have been provided by the New York Lodge #1, Benevolent and Protective Order of Elks, who sponsor this wholesome activity each summer in cooperation with the New York City Park Department. Special prizes of fishing kits, tackle, and accessories will be awarded for the heaviest fish landed, the longest fish, the greatest number caught, and the greatest aggregate length during the entire contest. Special awards will also be given on Opening Day, and Invitation Day, August 16th, at which time Settlement House groups, Y's, Day Camps, Vacation playground registrants and other social agencies are invited to participate in a day-long fishing program.

More than 200 Junior Anglers have registered during the preliminary signing-up period with an anticipated 200 additional contestants expected prior to the opening gun. The competition will continue daily, including Sundays, from 9:00 A.M. to 5:00 P.M., concluding on Wednesday, August 22nd at 3:00 P.M. To be eligible to take part, every youngster
must have a Registration Card, obtainable free of charge, at the Official's Table located at the south-west corner of the lake. He must furnish his own equipment and bait, and is required to bait his hook and land his fish without assistance.

The lake abounds in sun-fish, perch, carp and cat-fish as a result of the program of "stocking" conducted by the New York State Fish and Game Department. Prize-winning catches in previous contests weighed almost 2 pounds.
Newbold Morris, Commissioner of Parks, announces that the city-wide Park Department Golf Championships for Women and Junior Boys will be contested at the Forest Park Golf Course, at the Main Drive and Interboro Parkway, Queens, on Sunday, August 5th.

The winner and runner-up at each of the 10 Municipal courses are scheduled to compete in 18 holes of medal play. Five foursomes of Junior course champions begin teeing off at 9:00 A.M. while the first foursome in the Women's Division will take the first tee at approximately 9:40 A.M.

The winner and runner-up for both Tournaments will receive handsome trophies. This year, for the first time, the Junior Champion will receive an invitation to compete in a special Pro-Amateur Celebrity Golf Match at the Cedar Brook Golf Course in Old Brookville, Long Island during the week of August 12th. There he will compete against the Salisbury (Nassau County) Junior Champion. The two young titlists will be in foursomes which will include Steve Doctor, Cedar Brook's pro, Jack Mallon of Wheatley Hills, two major league baseball players, and a pair of stars from the entertainment world.
Newbold Morris, Commissioner of Parks, announces that golfers at New York City's ten municipal golf courses may file their entries for the 12th Annual Blind Bogey Tournament and Hole in One Contest which will be conducted by the Department of Parks under the sponsorship of the F. & M. Schaefer Brewing Company, beginning Sunday, August 26th. All regular patrons of municipal courses, who are 18 years of age or over, are eligible to compete. Entries must be filed on or before Monday, August 20th, at the course where contestant wishes to play. Registration will be limited to 400 at each course.

The Blind Bogey competition has proved popular with public links players because the duffer competes on an equal footing with the low scoring golfer, and because it offers contestants the rare privilege on public courses of reserved time for teeing off. Competition consists of 18 holes of medal play. Each golfer chooses his own handicap and at the close of competition, the player whose net score with his chosen handicap comes closest to the Blind Bogey is declared the winner. U.S.G.A. rules will govern all play.

Handsome prizes donated by the F. & M. Schaefer Brewing Company will be awarded at each course to winner of the Men's and Women's Blind Bogey competitions, and to the low gross man and low gross woman.

HOLE IN ONE CONTEST - Prizes will also be awarded for a hole in one competition at each course. The golfer nearest to the cup at the designated hole will receive a prize.

THE NAUMBURG CONCERTS

In 1905, Elkan Naumburg, a banker and music lover, saw the need to encourage and stimulate the public's interest in classical music. He engaged a symphony orchestra to give free concerts on the Mall in Central Park, where they have been given without interruption for fifty-seven years. In 1923 he presented to the city the present band shell. After his death in 1924, his sons, Walter W. and George W. Naumburg, continued the concerts in their father's memory. In the will of Walter W. Naumburg, who died in 1959, these concerts are perpetuated by a fund administered by a committee headed by George W. Naumburg. Its purpose is to fulfill the ideals of the founder, — to provide in this beautiful setting, fine programs of classical and contemporary music performed by the best conductors and soloists.

The concerts for the 1962 season will be held on these dates:

Memorial Day, Wednesday, May 30th at 8:30 P.M.

Independence Day, Wednesday, July 4th, at 8:30 P.M.

Tuesday, July 31st, at 8:30 P.M.

Labor Day, Monday, September 3rd, at 8:30 P.M.

MARCEL HUBERT, the French cellist, studied at the Paris Conservatoire, the only child pupil of Hekking. He concertized at the age of eleven and won first prize of the Conservatoire at thirteen. His adult career in America has been a triumph in his solo recitals, appearing with the Philadelphia and other orchestras, and in his recordings.

DR. BOYD NEEL has made the Boyd Neel Orchestra famous all over the world in concerts, radio broadcasts, and records. He has conducted most of Europe's leading orchestras, as well as the Sadler's Wells and D'Oyly Carte companies. In 1952, he was made a Commander of the British Empire for his services to British music. Though now Dean of the Royal Conservatory of Music in Toronto, he still has had time to conduct at the Stratford Music Festival, at the Brussels Fair, and on other occasions.
Commissioner Morris released to the press today the biennial report on the work that has been accomplished by the Department of Parks in expanding, developing and rehabilitating the City's park system since its consolidation in 1934. The report is in the form of an illustrated brochure entitled "Twenty-Eight Years of Progress," recording the Department's achievements, its current program, activities and problems, its plans for the future and the philosophy underlying its work.

The report reviews the various methods by which it has been possible to increase the City's park area from 14,000 acres in 1934 to 35,450 at the present time. The wide scope of the Park Department's activities and responsibilities is described in considerable detail by means of text, graphs, maps and photographs. The list of gifts which have been received from foundations and other private donors is an impressive demonstration of the way the Park Department has been able to attract generous contributions for its recreational program, as well as for the construction of needed park facilities which the City could not provide with the limited capital funds available.

The report points out the increase in park playgrounds from 119 in 1934 to the figure of 815 as of January 1, 1962 which represents an increase of 38 during the last two years alone. The over-all increase in the Park Department's recreational facilities
is estimated to be seven times that of 1934, while the Department's 1961 operating budget of $36,672,262, in spite of increased costs and inflation, is little more than six times the 1934 budget of $6,000,000.

After calling attention to the fact that the Park Department's beaches now total 18 miles in length and served 68 million persons in 1961, as compared with one mile of Park Department beach which served five million bathers twenty-eight years ago, the report warns of the danger to the existing beaches from marginal sewage pollution and the real possibility that bathing in some of the City's boundary waters will have to be stopped. In the meantime, New Yorkers are being deprived of a chance to enjoy swimming at beaches which could be developed and opened to bathers were it not for the pollution problem.

To emphasize and explain the seriousness of the marginal sewage problem and its solution, Commissioner Morris has taken the step of including in his report a joint statement signed by former Commissioner Robert Moses, together with the Hon. Leona Baumgartner, M.D., Commissioner of Health, and the late Hon. Frederick H. Zumwuhlen, Commissioner of Public Works in 1959. The statement gives the estimated cost of substantial elimination of marginal pollution from the City's recreational waters as about $150,000,000 spent over a ten-year period and recommends increasing the sewer rent equal to 100 percent of the water bill as the most feasible way of meeting
the cost of the program.

The joint statement goes on to say: 'This should permit the development of nine miles of additional urgently needed beaches. It should also eliminate the now serious threat of pollution to existing bathing beaches such as Orchard Beach in the Bronx and Coney Island in Brooklyn. If such a program is not established, bathing in some of our boundary waters will have to be stopped entirely and enormously expensive substitute facilities in the nature of swimming pools and enclosed lakes will have to be provided. The cost of such facilities in the Jamaica Bay area alone would certainly be in the neighborhood of half a billion dollars.'
Newbold Morris, Commissioner of Parks, announces that the 17th Annual City-Wide Team Championships Golf Tournament, Men's Division 36 holes, will be held on Sunday, July 8, 1962, at Clearview Golf Course, Belt Parkway and Willets Point Boulevard, Bayside, Queens.

Sixty golfers, representing the ten municipal courses, will compete in 36 holes of medal play. The first foursome will tee off at 8 a.m. according to the schedule listed below. All foursomes will follow the same order for second round, starting immediately after the first round is completed.

Newbold Morris Commissioner of Parks, announces the birth of a graded-guernsey cow-calf at the Childrens Zoo in Central Park.

The calf was born at 2:15 P.M. on Tuesday, July 17, 1962 to a guernsey cow who had been artificially inseminated with sperm from the champion "Curtis' Candy Fabion."

The childrens zoo, the generous gift of Governor and Mrs. Herbert H. Lehman, is north of the larger zoo and adjacent to Fifth Avenue between East 65th and East 66th Streets.

There are two entrances in Central Park which are convenient to visitors to the Childrens Zoo.

A descending step entrance is located at 64th Street and Fifth Avenue. This is the entrance to the regular zoo and the Childrens Zoo is adjacent to this facility.

The entrance at 67th Street and Fifth Avenue is more suitable for use by patrons with baby carriages and for handicapped people as it has a graded path entrance.

Commissioner Newbold Morris announces a third in a series of special concerts, for youth of all ages, to be given by the West Side Symphony Orchestra on Saturday, July 21st, at 11:00 A.M. on the Mall in Central Park.

Included on the program will be Till Eulenspiegel's "Merry Pranks" by Richard Strauss, Handel's "Water Music" and "Capriccio Espagnol" by Rimsky-Korsakov, and a solo by Joseph Eger - Mozart's Horn Concerto.

This series of youth concerts by the West Side Symphony is being scheduled for the first time. Two concerts were given on June 30, one at 11:00 A.M. and the other at 8:00 P.M. Audiences at both concerts in the Mall were enthusiastic and press reviews were favorable. The remaining concerts will be given Saturday, August 25th, at 11:00 A.M. and Saturdays, September 1st and September 15th at 8:00 P.M., also on the Mall.

The public is invited to attend. There is no charge for admission.

To the Editor of The New York Times:

It was a shock to me, and the source of great disappointment, to see a distinguished newspaper, such as The New York Times, publish the type of editorial which appeared in your July 16, 1962 issue under the title: "Irony in the Parks."

It would be interesting to know the source of your information and why you did not deem it necessary to ascertain the facts in accordance with what I had supposed to be the accepted standard of honest journalism.

Of course, you are wrong in stating that it took nine months of negotiation with community groups "not to cut down a dozen tall trees over a hundred years old."

Of course, you are wrong in assuming the Park Department arbitrarily proposed a softball field with three-tier concrete bleachers and to cut down trees. A request for such a facility was made to the Park Department and to Mayor Wagner as "an absolute must" by Parent-Teachers Association of P.S. 19 and many other neighborhood groups, as recently as last November.

Subsequently, at the request of the Department of Parks, the numerous neighborhood organizations held meetings of their own in order to resolve their many conflicting proposals for the rehabilitation of the Park.

These organizations were very much in disagreement among themselves and, even though the Park Department willingly accepted their suggestions, and revised the preliminary plans accordingly, no conclusive decision could be reached until very recently, when at last a majority of neighborhood opinion prevailed, and a final program for development was agreed upon. We informed the public by issuing a press release with plans on June 24, 1962.

From the foregoing it is obvious that the need for prolonged negotiations were created by the many conflicting opinions of the neighborhood representatives and their own professional advisers.
You are also under a misapprehension in your claim that this Department is promoting the creation of "useless" areas asphalted over for a "constructive" (sic) community facility, etc.

It may interest you to know that it was the professional adviser to one of the Civic Organizations who, at one of the meetings, proposed paving over the entire park, eliminating all lawn areas as useless and old fashioned, and turning the park over to the "kids." It should be needless to say that it was the Park Department which championed the preservation of the traditional character of Tompkins Square Park as an "island of repose" and the neighborhood's "outdoor living room, a sociable, green gathering place for sedentary entertainments." We accomplished this by preserving the present basic plan and providing additional planting and sitting areas for older groups, while recognizing the need for additional facilities for children and reconstructing the active recreational areas at the northern portion of the park.

Contrary to your implied conclusion that we are callous to the needs of "a great many people who still like to sit under trees and teach children their names," etc., we wish to point out that an extensive tree planting program was initiated by former Commissioner Robert Moses, at the time of the W.P.A., and has been actively promoted ever since. It is a well known fact that for many years there has been no stauncher advocate of tree planting and landscaping than Mr. Moses. Approximately 30,000 trees destroyed by hurricanes in 1938 and 1944 have been replaced. A new 5,000 street tree planting project is ready to start in connection with the New York World's Fair beautification program.

A pillar of democracy, the New York Times will certainly agree that the wishes of the local citizens and civic organizations be considered in any local public improvement.

I feel impelled to point out these facts out of a sense of justice for the patient, hard-working civil servants in our Design, Maintenance and Recreation Divisions.

QUEENS BOTANICAL GARDEN ADMINISTRATION BUILDING

The Commissioner of Parks, Newbold Morris, announced today that construction has started on the new Administration Building for the Queens Botanical Garden now being developed in Kissena Corridor Park. The structure will be located in the easterly section of the Garden adjacent to Main Street between Dahlia and Elder Avenues, Queens.

The cost of design of the Administration Building by the architectural firm of Brodsky, Hopf & Adler was met by a generous contribution from Mrs. Albert D. Lasker. Construction funds amounting to approximately $176,000 were authorized by the Board of Estimate as part of the program of permanent park improvements related to the 1964-65 World’s Fair. The New York World’s Fair Corporation is meeting the expense of supervision of construction.

The building will serve as the headquarters of the Queens Botanical Garden Society which formerly carried on its activities in a section of Flushing Meadow Park now being utilized for the construction of the Van Wyck Expressway Extension and the industrial exhibit section of the World’s Fair. The Administration Building will contain offices, library, meeting and lecture rooms, a small kitchen, utility
and storage space, and comfort station facilities for visitors to the Botanical Garden.

The Queens Botanical Garden Society, a non-profit organization, will maintain and operate the new Garden in Kissena Corridor Park under an agreement with the City of New York and the New York World's Fair Corporation which at present holds the park property under lease. The area to be covered by the agreement, which was authorized by the State Legislature in 1961, comprises approximately 24 acres, of which the easterly third adjacent to Main Street is now being intensively developed as formal gardens. The remainder will be developed in 1963 as an informally landscaped arboretum area. The firm of Clarke & Rapuano are the landscape architects for the development of the Queens Botanical Garden.

The Administration Building is scheduled for completion next spring. It will be a center of horticultural interest during the World's Fair period, as well as for community educational and recreational activities in the fields of gardening, botany, and nature study before, during and after the Fair.
Newbold Morris Commissioner of Parks announces that the concert scheduled for the Mall in Central Park on Saturday, evening September 1st, 1962, has been cancelled at the request of Municipal Concerts, Inc.

Newbold Morris, Commissioner of Parks, announces the successful completion of the third annual series of free tennis clinics conducted by the Eastern Tennis Patrons with the cooperation of the Department of Parks.

A total of 850 boys and girls, ranging in age from 9 to 17, registered at five Park Department locations to receive the instructions provided by the expert tennis professionals employed by the Eastern Tennis Patrons. As a means of interesting young people in learning the rudiments of the game, this non-profit organization has generously contributed racquets, tennis balls and awards, as well as providing for the services of such well-known teachers as Hank Fenton, Bob Barrows, Ted Zoob, and Eli Epstein.

Class sessions, beginning in April, were conducted at the 93rd Street Courts in Central Park, Manhattan; McKinley Park in Brooklyn; Alley Park in Queens; and Nacombs Dam and Crotona Parks in the Bronx. The instruction periods were continued once a week for seven weeks at each location. Each teaching session was held from 3:45 to 5:30 P.M.

On Tuesday, June 26, at 4 P.M., in the office of Commissioner Morris at the Arsenal Building, 64th Street and Fifth Avenue, in a season-concluding ceremony, the outstanding youngsters of the clinic series will be presented with special awards in the form of new tennis racquets. The presentation will be made by Commissioner Morris; Mr. Alistair Martin, President of E.T.P.; Mr. Dan Johnson, Treasurer; and Mr. George McGann, Clinic Coordinator.

The award winners are:

**Central Park** - Elizabeth Weston, age 10, of 7 West 96th Street, Manhattan
Sam Broque, age 13, of 428 Amsterdam Avenue, Manhattan

**Alley Park** - Herman Burnett, age 14, of 107-08 160 Street, Jamaica, Queens

TOMPKINS SQUARE PARK RECONSTRUCTION, MANHATTAN

Newbold Morris, Commissioner of Parks, announces that a general agreement has been reached between the committee representing the community groups of the Tompkins Square neighborhood and the Department of Parks, regarding the plan for the reconstruction of Tompkins Square Park located between Avenue A and Avenue B from East 7th to East 10th Streets, Manhattan.

Funds in the amount of $357,830 are included in the department's 1962 Capital Budget for this reconstruction work.

During the past year the Park Department has had many meetings with various organizations in order to incorporate their suggestions in plans for the rehabilitation of Tompkins Square Park, Manhattan. Copies of the preliminary plan, prepared by the Department of Parks, were subsequently distributed to these groups for their review and comments.

At a meeting held at the Arsenal headquarters of the Department of Parks on March 29, 1962, with representatives of these groups, the preliminary plan was reviewed and many of the comments and suggestions made by the community representatives at this meeting were afterwards included in a revised study by the Park Department.

Subsequently, the neighborhood groups held several meetings of their own and agreed on additional changes they wished the Park Department to incorporate in the plan. The salient feature of these recommendations was that park facilities should be developed to serve all the various age groups and at the same time to preserve the traditional appearance and basic neighborhood character of the historic park. The plan was again revised accordingly.

This latest revised plan was reviewed at a meeting held with the community representatives at the Arsenal, on June 14, 1962, and was generally accepted by them as representing the wishes and recommendations of the neighborhood concerning the development of the park.

It is anticipated that the preparation of final contract plans and specifications for the rehabilitation of Tompkins Square Park by the Department of Parks design force will start July 1, 1962, and be completed in the latter part of the year.

Newbold Morris, Commissioner of Parks, cordially invites youngsters and their parents, on Saturday, June 23rd, to a special free preview performance of the Park Department Marionette Theater summer presentation, "Hercules and His Small-Top Circus."

This will be staged on a grassy section of Pilgrim Hill at 72nd Street near 5th Avenue in Central Park. Curtain time for this, the first of the 1962 outdoor showings, is 2:00 P.M.

Children and grown-ups, too, will be delighted by the zany performances of the acrobats, the antics of the clowns on the trampoline, as well as the strange sight of Samovar, the Magician, sawing a woman in half. Hercules, the Giant, is a joy to behold as he wanders in and out of the many and varied acts of the hour-long show. Joining him to round out the cast are the very funny Penguin in search of a Magic Charm, and the Peanut Vendor and his Magic Peanuts.

The usual excellent recorded musical background, fine scenic designs and props, trade-marks of the Park Marionette Theatre, play an important part in creating top-flight children's entertainment.

The regular playground summer tour begins on Monday, June 25th. The schedule by Boroughs follows:

- **MANHATTAN** - JUNE 25th to JULY 9th
- **BRONX** - JULY 10th to JULY 24th
- **QUEENS** - JULY 25th to AUGUST 8th
- **BROOKLYN** - AUGUST 9th to AUGUST 23rd

Newbold Morris, Commissioner of Parks, announces that on Monday August 20th, 1962 the reconstructed parking field, located south of Roosevelt Avenue adjacent to the Willets Point Station of the I.R.T. in Queens will be open for use.

This area will be used as a temporary substitute for the section in the Willets Point Parking Field, on the north side of Roosevelt Avenue, which was closed to permit construction work in connection with the new Municipal Stadium in Flushing Meadow Park.

The field provides space for 1,200 cars and may be entered from Roosevelt Avenue or 126th Street.

Informational signs have been erected for motorists convenience, and the same parking fee charged previously will be in effect.
QUEENS BOTANICAL GARDEN ADMINISTRATION BUILDING

The Commissioner of Parks, Newbold Morris, announced today that construction has started on the new Administration Building for the Queens Botanical Garden now being developed in Kissena Corridor Park. The structure will be located in the easterly section of the Garden adjacent to Main Street between Dahlia and Elder Avenues, Queens.

The cost of design of the Administration Building by the architectural firm of Brodsky, Hopf & Adler was met by a generous contribution from Mrs. Albert D. Lasker. Construction funds amounting to approximately $176,000 were authorized by the Board of Estimate as part of the program of permanent park improvements related to the 1964-65 World's Fair. The New York World's Fair Corporation is meeting the expense of supervision of construction.

The building will serve as the headquarters of the Queens Botanical Garden Society which formerly carried on its activities in a section of Flushing Meadow Park now being utilized for the construction of the Van Wyck Expressway Extension and the industrial exhibit section of the World's Fair. The Administration Building will contain offices, library, meeting and lecture rooms, a small kitchen, utility
and storage space, and comfort station facilities for visitors to the Botanical Garden.

The Queens Botanical Garden Society, a non-profit organization, will maintain and operate the new Garden in Kissena Corridor Park under an agreement with the City of New York and the New York World's Fair Corporation which at present holds the park property under lease. The area to be covered by the agreement, which was authorized by the State Legislature in 1961, comprises approximately 24 acres, of which the easterly third adjacent to Main Street is now being intensively developed as formal gardens. The remainder will be developed in 1963 as an informally landscaped arboretum area. The firm of Clarke & Rapuano are the landscape architects for the development of the Queens Botanical Garden.

The Administration Building is scheduled for completion next spring. It will be a center of horticultural interest during the World's Fair period, as well as for community educational and recreational activities in the fields of gardening, botany, and nature study before, during and after the Fair.

The Commissioner of Parks announces that dedication ceremonies for the new Outdoor Theatre, located east of the West Drive, opposite West 81st Street, in Central Park will be held on Monday, June 18, 1962, at 3 P.M.

The program for this occasion will be as follows:

**NATIONAL ANTHEM**
Irene Jordan, Coloratura Soprano
Metropolitan Opera Company

**HONORABLE NEWBOLD MORRIS**
Commissioner of Parks,
Presiding

Speakers will be:

**JOSEPH PAPP**
New York Shakespeare Festival

**GEORGE T. DELACORTE, JR.**

**HONORABLE ROBERT F. WAGNER**
Mayor of the City of New York

The design for this new theatre was a co-ordinated effort by the New York Shakespeare Festival, Eldon Elder, Stage Designer, and the Department of Parks. The facility provides for a stage constructed of wood on concrete with a frontage of 48 feet and a depth of 45 feet at the center. A 25 x 16 foot wing extending from each side toward the center of the stage serves a dual purpose, in that, the performers may enter on stage from either side and also as a means for shifting scenery. A steel grandstand, with wood flooring contains 2,200 seats. Two aluminum light towers connected by a bridge,
with general illumination for the grandstand and exits, and a separate 30 x 50 foot metal building divided in half for use as a dressing room by the performers.

The site for the theatre, at the Lake, east of the Shakespeare Gardens was well selected. The Belvedere Tower and the surrounding rocks present a medieval setting that is perfectly adaptable as a back drop for the Shakespearian dramas that will be presented by the Shakespeare Festival. Other types of presentations are being scheduled.

While funds in the amount of $225,000 were appropriated by the City for construction of this theatre, bid prices exceeded the estimates by $150,000.

A generous gift of $150,000 from the George and Margarita Delacorte Foundation, through George T. Delacorte made construction of this much desired facility possible. Funds from this foundation were also provided for the costs of Alice in Wonderland statue in Central Park.

The first performance of "The Merchant of Venice" to which the general public will be admitted will be held on the following night:

TUESDAY, JUNE 19, 1962, at 8:30 P.M.

The theatre may be reached from the west side through the entrance at 81st Street and Central Park West and from the east side through the 72nd Street entrance.

Newbold Morris, Commissioner of Parks, announces the opening of a golf driving range north of Park Road in Pelham Bay Park in the Bronx on Friday June 15, 1962 at 7 A.M.

To be known as the "Pelham Bay Park Golf Driving Range," it is the first of this type of recreational facility constructed in the park system, and at no cost to the City.

The hours of operation will be from 7 A.M. to 12 midnight and it will be operated under a concession agreement, with the City receiving a percentage of the gross receipts. The area will be floodlighted for night use, and ample parking facilities will be available for patrons using the range.

There are 70 tees provided, with a charge of $1.00 for a pail of 45 balls and $1.50 for a pail of 75 balls. P.G.A. golf instruction will be available at $3.50 per half hour.
The Department of Parks announces that roller skating at the Wollman Memorial Skating Rink will terminate at the close of business Sunday, June 17, 1962.

Starting June 18, this facility will be operated daily from 10 A.M. to 10 P.M., except on Tuesday and Thursday evenings, as a free recreational area.

On Tuesday evenings, starting June 19, free square dancing, conducted by the Department of Parks, will be held from 8:30 P.M. to 10:30 P.M.

On Thursday evenings starting June 21, free name band dances, sponsored by the Consolidated Edison Company, will be held from 8:30 P.M. to 10:30 P.M.

The Wollman Memorial Rink is located to the West of Central Park Zoo, opposite 64th Street, and may be reached by the B.M.T. subway to the Fifth Avenue Station; the East Side I.R.T. subway to the 59th Street station or the Independent subway to Columbus Circle.

Newbold Morris, Commissioner of Parks, announces that a summer series of Square and Folk Dances in city parks will begin on June 14th at the newly opened Lost Battalion Hall, located at 93-29 Queens Boulevard at 62nd Avenue, Rego Park. The program will start at 8:00 P.M. and continue until 10:30 P.M. featuring Square, Round and Folk Dancing for adults and older teen-agers.

The dances will be conducted by the Park Department dance team of Joe and Alice Nash, aided by the "Promenaders", a specially trained group of Park Department Recreation Leaders who will assist in demonstrating and teaching the dances to the public.

Other square dance programs under the direction of the Nashes will be held as follows:

TUESDAYS - beginning June 19 - at 8: P.M.
Wollman Memorial, Central Park, 64th Street, west of 5th Avenue, Manhattan.

MONDAYS - beginning June 25th at 8: P.M. at
Poe Park, East 192 Street and Grand Concourse, Bronx

At each of these dances a special program for pre-teen youngsters will be the order from 8:00 to 8:30 P.M.

The dance series at all these locations is scheduled to continue throughout the summer, and will contribute greatly to the recreational and dancing opportunities available to residents of New York City and to visitors during the summer season.

All are invited to attend. There is no admission charge. This is a free recreational service offered by the New York City Department of Parks.

The public is invited to attend. There is no charge for admission. The Mall is located at 72nd Street, West of 5th Avenue, in Central Park.
Newbold Morris, Commissioner of Parks, announces that a Japanese Cherry Tree has been planted in Central Park at the northern end of the Mall near the War Memorial Flagpole, by Miss Nancy Lee Stuckey, the 1962 Washington D. C. Jubilee Queen, as a gift and a personal gesture of friendship from the people of Washington D. C. to the people of New York City.

The tree is a sapling of the same variety which lines the Tidal Basin in the Nation's Capital. These trees, a gift of the Japanese Government 50 years ago are the focal point of the famed National Cherry Blossom Festival.

John A. Mulcahy, Executive Officer of the Department of Parks, accepted the gift on behalf of Commissioner Morris and stated: "All of us will look forward to the spring of 1963 when this sapling will blossom forth with all its world-renowned beauty. It will remind us that our enjoyment was made possible by the thoughtful and generous people living in our nation's capital."

Labor Day, September 4th. All concerts are at 8:30 p.m. There is no
charge for admission.
Newbold Morris, Commissioner of Parks, announces that on Memorial Day, May 30, 1962, at 2:00 p.m., a visiting team of Australian Lawn Bowlers will compete in light matches against teams representing lawn bowling clubs of the metropolitan area on the Central Park Bowling Greens, located at the West Drive and 67th Street.

The members of the Australian team were selected to represent Australia in the World's Championship Lawn Bowling Tournament which will take place in Seattle from July 1 to July 13.

The public is cordially invited to attend the competition, a very popular sport "down under."
Attached are letters to Mayor Robert F. Wagner from Councilman Morris J. Stein and Newbold Morris, Commissioner of Parks, regarding the proposed Manhattan Beach Park Extension in Brooklyn.

May 17, 1962

The Honorable Robert F. Wagner
Mayor of the City of New York
City Hall
New York 7, N. Y.

Dear Mr. Mayor:

I have a copy of the letter of May 1st sent to you by Councilman Stein concerning the proposed extension of Manhattan Beach.

This letter is not factually accurate. It states that the waters in this area are not fit for bathing. However, as recently as last week, the Department of Health of the City of New York made sample testings of the water at Manhattan Beach and in the general area and the reports have been marked, "Favorable for Bathing".

The existing Manhattan Beach development is maintained at the high standards that are usual throughout our beach facilities, despite the very heavy usage that these facilities receive during the summer months.

Since Manhattan Beach was opened in 1957, it has never been the scene of a drowning, a fact which testifies to the safe bathing in this area.

If the site of the Air Force base is acquired and assigned to the Department of Parks, the problem stressed in the letter concerning parking and the lines of cars waiting to get into the parking fields will be eliminated because the parking facilities will be greatly increased and the congested traffic conditions mentioned in the letter will be relieved as a result.

Construction is well under way on the golf course in Marine Park and it is scheduled for completion in 1963. In addition, we have added 8 playgrounds, 22 ball fields, and many other recreational features in the Marine Park area. We also have planned a Marina to be constructed in Marine Park opposite Floyd Bennett Airport either in late 1962 or early 1963.

The proposed Manhattan Beach Park addition is necessary to provide adequate recreation for the present and future generations of our citizens.
The Honorable Robert F. Wagner

May 17, 1962

We have often in the past lost similar shorefront property urgently needed by the people of New York City by heeding short-sighted opposition and allowing it to slip away. Excellent proof of the urgent need for this property is well demonstrated by the congestion and heavy usage of the existing Manhattan Beach development as described by Councilman Stein.

Very sincerely yours,

(signed) NEWBOLD MORRIS

Commissioner
Hon. Robert F. Wagner
Mayor,
City Hall

Dear Mayor Wagner:

I am informed that you have been requested to authorize the purchase by the City of 67 acres of the easterly part of Manhattan Beach for approximately one and a half million dollars for development as additional beach facilities.

As a resident of Manhattan Beach, which is in the district that I represent in the City Council, I am thoroughly familiar with this site.

I wish to inform you that it would be a very serious mistake to spend any money to purchase this site for a beach or to authorize the many millions more that it would require to make it possible to use the area as a beach.

The caisson from which the effluent from the Knapp Street Sewage Disposal Plant empties into the Jamaica Bay Inlet is located just a short distance from this proposed beach. The ebb and flow of the waters carry the bacteria ridden effluent and its accompanying stench on to the beach with each incoming tide. A periodic examination of the waters shows that the water at this point is particularly unfit for bathing.

In addition, it is generally known that strong currents and undercurrents passing through this narrow neck of water would make bathing at the proposed site exceedingly dangerous.

In addition, access to Manhattan Beach, which is a peninsula, and to the present beach is limited to two streets. The parking field of the present beach which accommodates about 1200 cars has created a chaotic traffic problem. Cars are required to line up for entrance to the parking facility and after the parking field is filled, motorists are required to wait in the street on Oriental Boulevard, for
long periods of time. Not only do the large number of cars create a moving traffic problem but the parked cars impede moving traffic not only of those going to the beach but of those living in Manhattan Beach so that many find it difficult to get out of the streets where they live.

The Community has for years requested the completion of proposed park facilities, such as the proposed golf course at Marine Park in Brooklyn.

The Park Department could very well use the money it requests for the Manhattan Beach acreage to complete Marine Park, long delayed, so that it would not be necessary for golfers to wait as long as five hours to play a game of golf.

The Manhattan Beach land formerly used by the U. S. Maritime Training Station is a very valuable installation which, I am advised, would be made available to the City without cost for a desperately needed medical school or community college to remedy the critical shortage of doctors and nurses in the City. It would be outrageous to destroy and deprive the City of this opportunity.

Complaints have been made to the Park Department of the smoke and overflowing trash cans and filth on the present Manhattan Beach. The Department claimed it had no funds to keep the beach clean. If it cannot keep the existing beach clean, how can it be expected to keep clean the proposed additional beach, almost one and a half times the size.

If the Park Department wants more bathing area, all it needs to do is build an access road to the tremendous beach created by the accretion at Rockaway Point. This land is already public property, clean and white, where people can bathe in clean ocean water.

A little imagination could save the City a lot of money and make available existing beach areas without charge instead of building another bath house in Manhattan Beach like the bath house at the present Manhattan Beach which is an expensive, unimaginative, uninspired monument to mediocrity.

Very truly yours,

MORRIS J. STEIN

Centrally located in Queens, this facility will provide an opportunity for outdoor special events to be shifted indoors during inclement weather in the summer as well as to serve year round use for the ever increasing population in this area. The program planned for this center will allow for youth to indulge in supervised and directed sports as well as cultural and social activities for all ages. It will include arts and crafts, social and square dancing, concerts, teenage game rooms, meeting rooms for adults, hobby groups, a domestic science room and a senior citizen's program.

After the ceremony there will be a demonstration by children and teenagers from other park recreation areas of the activities which will be a regular part of the center's program.

The Department of Parks is grateful to the public-spirited citizens and committees who were most active in helping to make this recreation center become a reality.
Attached is a copy of the remarks of Newbold Morris, Commissioner of Parks, at Staten Island Lions Club Luncheon, Meurot Club Restaurant, 302 St. Marks Place, Staten Island, on Wednesday, May 23rd, 1962.
Mr. Savage, members and guests of the Lions Club of Staten Island:

I appreciate the invitation to address this particular audience because it gives me an opportunity to present the proposals of the Department of Parks for the acquisition of new park lands under the State Bond Issue Act, overwhelmingly approved by the voters of New York State.

I think it might be a good idea for me to re-state the purposes of this Act. First, I will read excerpts from Governor Rockefeller's Memorandum of Approval for the legislation—

"Our State's critical need for additional outdoor recreational facilities was set forth in my Special Message to the Legislature of March 14, 1960. These measures, introduced at my request, would carry out the specific recommendations contained in that message to make possible the immediate acquisition of open lands for park and other recreation purposes before such lands are irretrievably lost as the result of continuing development.***"
The Governor reviewed the purposes of two bills, one authorized the sale of $75,000,000 of State Bonds to permit immediate acquisition, and the other allocating the proceeds of the Bond Issue among various political subdivisions - $12,000,000 for the City of New York.

In his final paragraph the Governor states:

"These two bills are among the most significant pieces of legislation enacted at the last Session of the Legislature. They constitute recognition by the Legislature of the urgency of today's crisis in outdoor recreation and that the well-being of our people requires the preservation of our fast-disappearing lands suitable for outdoor recreation."

Six new park areas are proposed for the Borough of Richmond under the provisions of the Park Land Acquisition Act of 1960. In accordance with this legislation, the State will pay three-fourths of the cost of acquisition - thus presenting the City with an unparalleled opportunity to reserve more than 1400 acres, 1130 of them in Richmond for public recreational purposes; before these areas are gobbled up by private developers. Four of the parks lie along the shoreline of Lower Bay and will add miles of new bathing and shorefront park facilities to the existing recreational areas in the borough. The City Planning Commission and the State Council of Parks have unanimously approved the program. Each proposal will now be presented to the Board of Estimate.
The 13.7-mile Shore Front Arterial Highway will follow the shoreline from South Beach, at Miller Field, to the Richmond Parkway-West Shore Expressway Interchange. It will afford additional protection against beach erosion and tidal floods. It will reclaim the waterfront and its landscaping will help beautify the shore front as was done in Manhattan and Brooklyn. The highway will also provide convenient access to Great Kills Park, Wolfe's Pond Park, Lemon Creek Park, Conference House Park, and to many of the older parks.

In the near future it will be possible for a motorist in Brooklyn to cross the Verrazano-Narrows Bridge, get onto the Shore Front Arterial Highway, follow it behind the beaches at South Beach and pass along the lands of the first of the six new park areas, Great Kills Park Addition. This proposed addition lies to the north of the existing Great Kills Park, will have about 1-1/3 miles of shore line and will be about 205 acres in area.

With the acquisition of this park, the bathing facilities at Great Kills Park can be greatly expanded to meet the future needs of our exploding population. Where the park borders on residential areas on the inland portion, neighborhood facilities such as playground and ball fields will be constructed. All in all, this park will ably serve the recreational needs of the city as a whole and also serve the communities adjoining it by offering neighborhood facilities.
The second of our new park areas the motorist will pass through is Wolfe's Pond Park Addition. This site comprises 92 acres, with four-tenths mile of shore front. This area, along with the existing Wolfe's Pond Park which is largely wooded, can be developed with picnic areas, nature trails and other forms of passive recreation. On the perimeter, neighborhood playgrounds and ball fields can be constructed to serve the needs of the adjoining communities.

A short distance beyond Wolfe's Pond Park is our third proposed acquisition overlooking Prince's Bay. This is a new park laid out around the mouth of Lemon Creek, astride the Shore Front Arterial Highway. It is 79 acres in size and has three-fifth mile of shorefront. Its physical features make this area ideal for the development of a marina with berthing facilities for 400 boats. There is an increasing demand throughout the city for this type of facility and suitable sites are few. The fact that this proposed park is naturally suited to the development of a marina makes this particular acquisition a most desirable one.

The highway ends at the West Shore Expressway-Richmond Parkway Interchange. This is also the site of the largest of our proposed parks in Richmond, with an area of approximately 364 acres of mostly virgin wooded land - including a 2-acre lake. It is excellently suited for the development of wooded picnic areas, nature trails and other passive recreational activities as well as playgrounds and ball fields. The lake is large enough to permit boating and ice skating.
At the southern end of Richmond is Conference House Park. A 268-acre addition is planned for this section of Richmond. This park will provide 3.2 miles of shorefront which could be developed with promenades, sitting areas and picnic areas. The large areas of inland park can be improved with ball fields, neighborhood playgrounds and picnic areas. Located at the tip of Staten Island, this park will afford the people especially picturesque views of the waters of the Lower Bay.

The final land acquisition proposed for the Borough of Richmond in this program is the land of the Richmond County Country Club golf course. Recent years have seen the demise of many private golf courses within the city because of skyrocketing taxes and other costs. At the same time the interest in golf and the demand for additional facilities have risen rapidly. It would be only a matter of time before the owners of the Richmond County Country Club would be forced to sell their valuable property because of rising costs. It is fortunate that the Park Land Acquisition Act enables the City of New York to acquire property of this nature now before it is irretrievably lost to private developers. At an estimated cost of two million dollars we can acquire an operating golf course which will be immediately available to the public. The advantages of this acquisition over constructing a golf course from scratch on some other unimproved tract are considerable both in time and money.
I feel compelled, while I am Commissioner of Parks, to do the best I can for the city. While I can understand the reluctance of some of the country club members to relinquish their golf course, I have found it necessary to develop a philosophy; I have faced this question: "Should the city, when acquiring land for the people, take second-rate property no one else wants, or settle only for the best?" When it is phrased that way there is only one answer.

The last time I met with representatives of the country club I suggested a price of two and a half million dollars for the golf course and five years to remain in possession - In my opinion that would just about see them through a period when property values would have increased to such a point that dues would have become prohibitive.

It is not the whim of Mr. Moses or mine, it is the inexorable change taking place due to the shifting and expanding population. We are in a struggle to keep open areas for recreation before it is too late.

Time is of the essence - State funds are available now, but title must vest before 1962 runs out. I would be derelict in my duty if I did not press this program.

Over the last hundred years, people of the five boroughs as well as the people of the entire country have often referred to lost opportunities and vain regrets over failure to set aside sufficient land for recreational and park use. Typical examples can be found in Manhattan and the older developed sections throughout the city. Fortunately, the people of Staten Island now will
benefit from the prudent planning of the former Park Commissioner, Robert Moses, the Mayor, the Board of Estimate and the City Planning Commission in providing adequate park land for the present and future generations.

They will not be required to explain to the next generation of lost opportunities and vain regrets. Staten Island will be adequately provided for under this program.
The Park Association this year will stage even more dramatic events to publicize Parks Week, Monday, April 30 - Sunday, May 6. By the time we finish, just about everybody will appreciate parks more and subscribe to the slogan P O P — Protect Our Parks. Here's the schedule — and it's a brilliant one:

April 26 — Mayor Robert Wagner will officially designate the first week in May as City Parks Week and will receive the first P O P button. To get the whole thing off the ground, a balloon with a miniature litter basket will be released.

April 30 — Distribution of Leaf Table pamphlets for tree identification.

May 2 — Gaily adorned young ladies will distribute balloons and buttons on their way downtown to Wall Street and Brooklyn.

May 3 — A press tour to view conservation projects in Riverdale.

May 5 — Mother-and-children teams will present balloons and buttons to all parkbound pedestrians — and extract a pledge to keep our parks clean and green.

What a week, what an achievement!

BERNARD BARUCH

No more appropriate recipient of the Park Association’s 1961 Citation of Commendation could possibly be found than our great fellow citizen, the Honorable Bernard M. Baruch. His action in providing funds for a small sitting park in lower Manhattan is a fine example of the right kind of philanthropy.
Mr. Ira H. Genet has been a long-time friend of Parks and of the Park Association. He is also President of the Queens Chamber of Commerce. ... Mr. Arthur T. Hadley has studied the changing City for many years. He is an author and was formerly associated with the New York Herald-Tribune.

The Park Association extends its deeply felt condolences to the family of Mr. George MacDonald. He had been a loyal member of the Association for many years and served as a member of our Board of Directors as Vice-President from 1933 to 1956 and as President in 1956-1957.

Another honored guest at the Award Luncheon on May 21 will be our Director from Queens, Mr. William L. Savacool. His fellow directors voted unanimously to award him a Certificate of Commendation.

The Park Association has planned a delightful evening for its Members and friends at the Strollers Theatre Club, 154 East 54th Street, on the evening of May 3rd. In this unique spot an evening of fun, frolic, and friendship is assured. A few tickets are still available, and, if you don't have one, the thing to do is to pick up your 'phone this minute and call Mr. Dan Chase at Gramercy 5-2668.

Another date of importance for good Park Association Directors to remember is the May 9 luncheon at 12:30 at the National Arts Club. This luncheon will be preceded by the Annual Meetings of Members and Directors at 11:30 and at this time Directors of the Park Association's Class of 1965 will be elected. At the luncheon meeting the Directors will elect our Association's Officers for the coming year.

Recognizing that the Park Association is vitally concerned with the future of our parks, President Andrew Rogers has appointed a Long-Term Planning and Park Policies Committee. Mr. Whitney North Seymour, Jr. is Chairman and also serving are Mrs. Henry B. Guthrie, Mrs. Darwin R. James, III, Mrs. Donald B. Straus, Mrs. Byard Williams and Messrs. Raymond C. Findago and Brendan Gill. To supplement the work of the parent Committee, Mr. Seymour has organized the following sub-committees: Design and Development—Mr. Roger Oresman, Chairman; Budget and Planning—Mr. Sheldon Olienses, Chairman; and Public Use and Recreation—Mr. Walker O. Cain, Chairman. ... The Park Association has accepted the generous offer of Mrs. Alma C. Guillet to share in the profits of her forthcoming book “Make Friends with Trees and Shrubs.”
AMBASSADORS OF NATURE

No new resident of a neighborhood in New York is so welcome as a tree. Slipping peaceably into its appointed place, immediately it becomes an important force in the community. A tree is an ambassador of nature, bringing gifts of beauty to the City.

Congratulations, then, to all who plant trees! And next May 21, at the Annual Award Luncheon, it will give the Park Association great pleasure to present Commendation Certificates to the 55 good citizens who in 1961 planted 1,094 trees in our City streets.
AS WE GO TO PRESS

CENTRAL PARK
The matter of the Hartford Pavilion is now before N. Y. State's Highest Court. Our Association has continued its firm opposition to the erection of this structure. . . . Elsewhere in Central Park, our Directors are looking carefully at the new metal towers being built for the Shakespeare-in-the-Park amphitheatre and the proposed skating rink-swimming pool in Harlem Mere and they will issue a statement after the May 9 meeting.

CITY PLANNING COMMISSION
On April 13 the City Planning Commission adopted a program to support the tree planting program in connection with the 1964-1965 World's Fair.

STATEN ISLAND
Plans for two new Parks, Prince's Bay (75 acres) and Pleasant Plains Park (363 acres) have been approved by the City Planning Commission for Staten Island.
Newbold Morris, Commissioner of Parks, announces that a fleet of 75 new aluminum rowboats and a new Police Patrol Boat will be placed in operation at the Boat House, located at Lincoln Road and the East Drive in Prospect Park, Brooklyn on Thursday, May 24, 1962, at 3:00 p.m.

Tested for durability, these new rowboats will facilitate rowing and provide maximum safety for the patrons.

Commissioner Morris will turn keys over to representatives of the Police Department for a new modern Police Patrol Boat powered by an inboard motor and furnished with first aid equipment, life rings and an oxygen unit. The new craft will replace the wooden outboard motor boat.

For the occasion there will be free boating for children accompanied by an adult from 3:00 p.m. to 4:30 p.m. and free refreshments will be furnished for the small fry.

NOTE: GOOD PRESS PHOTOS
Boats will be reserved for press.

5/22/62
Newbold Morris, Commissioner of Parks, announces that in cooperation with the Bronx County American Legion, three qualifying Track Meets will be held on Saturday, June 16, 1962, at 1:00 p.m., one at each of the following locations in the Borough of The Bronx:

- Macombs Park, E. 164th Street and River Avenue
- Williamsbridge Oval, E. 208th St. and Bainbridge Avenue
- Van Cortlandt Stadium, Broadway and 241st Street

Entry blanks are now available at all Park Department playgrounds in the Bronx, and at the tracks where the meets are to be held. There will be seven events for boys and five events for girls. The meets will be open to all boys and girls, seventeen years of age and under, who have not competed in Public School Athletic League or private high school meets, or who have not competed in Amateur Athletic Union events.

Gold, Silver and Bronze medals will be awarded to first, second, and third places. The first five places in each event at each location will qualify for the Bronx Borough championships to be held Saturday, June 30, 1962 at 1:00 p.m. at Van Cortlandt Stadium.

5/21/62
Rewbold Morris, Commissioner of Parks, announces that on
Friday, May 18th at 8:15 p.m., the Annual Department of Parks Boxing

REMARKS OF NEWBOLD MORRIS, COMMISSIONER OF PARKS
TO MEMBERS OF POLICE DEPARTMENT TO BE ASSIGNED TO
PARK RECREATION AREAS DURING SUMMER OF 1962

WEDNESDAY, MAY 16, 1962

I am grateful to Commissioner Murphy for this opportunity to
meet with the 600 members of the Police Department who will be on special
assignment at park recreation areas during the coming Summer.

We in the Park Department appreciate the fine cooperation given
us by the Police Department throughout the year. The impact of 140 million
visits annually to our parks taxes the personnel resources of both our de-
partments. No park system in the world must cope with as great a concen-
tration of people as we do in New York City. This statistic would seem to
contradict statements that people hesitate to enter public parks because of
fear for personal safety.

In Summer, our mutual problems are greatly magnified by the
additional millions who seek recreation, rest, relaxation and relief from
the heat in their parks.

While anti-social acts in parks do make the front page, the com-
bination of improvements, the increase in the scheduled use of our city
parks and the police vigilance have been an important factor in dispelling
any sense of insecurity on the part of visitors.

Annually, Central Park receives 15 million visits a year and
Prospect Park in Brooklyn, approximately 7 million. Certainly, these
figures indicate that the public feels safe in our park areas.

I do not have to enumerate in detail the by-products of this heavy
use. We are all familiar with the destruction and defacement, the rubbish
and the rhubarbs, the peddlers and the panhandlers, the rowdy and the rabid, the foolhardy and the forgetful who lose almost anything imaginable, including children.

The Park Commissioner is authorized by the City Charter, section 534, to establish rules and regulations governing the use of parks. These rules and regulations have the full force and effect of Law. They were established solely for the protection of the public and the prevention of acts which would destroy public property. Copies of these rules and regulations, in printed form, are available to all of you. Their strict enforcement will ensure our objectives: the protection of the public, their health, life and limb, so to speak. Our best means of protecting the public is prevention. In order to prevent danger to people and property we must be alert to the sources. I would like to touch briefly on the main areas from which it stems.

VANDALISM in parks by the young and irresponsible last year cost the City $375,000. Park structures have, in many cases, been completely destroyed by fires started by vandals. Damage to trees, shrubs and benches, while individually less costly, add up to a large portion of the total cost of the vandalism damage.

LITTER is a universal problem in all park areas. Your assistance in educating the public in the use of trash baskets will be most helpful. If offenders, especially during weekends, are given tickets, all who witness your action will be more careful in picking up after their visits to the parks. BEACHES account for a large part of the complaints from the public.
Hazardous refuse in the sand - broken glass and tin beverage containers - and rowdyism by teenage gangs must be curtailed if the public is to enjoy the beaches this Summer. We have a newly-created problem with the increase in water skiing. There are some showoffs who ski too close to the beach and endanger the safety of bathers.

SWIMMING POOLS, because of the concentration of more people in a smaller area, a subject incidents of unsafe conduct and rowdyism. Last year, I am happy to say, incidents of this nature were greatly reduced because of the excellent cooperation of the Police assigned to the pools.

PEDDLING of inferior and unsanitary food products by unlicensed vendors presents a great danger to the health of the public, to say nothing of the loss in revenue to the City.

I want to thank Commissioner Murphy for assigning you to your special duty in the parks. Your vigilance in enforcing the law will enable the public to enjoy a healthful and happy Summer in the parks. I hope you, too, will enjoy the parks as you perform your duties. Thank you Commissioner Murphy for inviting me here today.
Newbold Morris, Commissioner of Parks, announces that the bathing and swimming season at the 17.96 miles of municipally operated beach will open Saturday, May 19th, and seventeen outdoor swimming pools will open officially on May 26, 1962.

From May 26th to June 17th, the pools will be open for week ends and holidays only, and from June 23rd until the end of the season they will be open daily with the following operating schedule: On weekdays, Monday through Friday from 10:00 a.m. to 12:30 p.m., there will be a free period for children 14 years of age and under, during which hours no adults will be admitted to the pool area. After 1:00 p.m. on weekdays, and all day on Saturdays, Sundays, and holidays there will be a 10¢ charge for children 14 years of age and under, and a 25¢ charge for older children and adults.

The aquatic program at park pools during July and August will include the annual Learn-to-Swim Campaign beginning July 2nd and conducted Monday through Friday during the free period for boys and girls 14 years of age and under; twelve competitive swimming meets, six for boys and six for girls to be held at a major pool in each borough. Free instruction classes in swimming for patrons 15 years of age and over will be held on Sunday mornings from 10:00 a.m. to 11:00 a.m. Applicants may register at the pool at which they will participate. Instruction in life-saving and first-aid will also be included in the aquatic program.
Orchard Beach, located in Pelham Bay Park, Bronx; Jacob Riis Park Beach, and Rockaway Beach on the Rockaway Peninsula, Queens; Coney Island Beach and Manhattan Beach in Brooklyn; South Beach, Great Kills Park, and Wolfe's Pond Park on Staten Island will open for bathers on May 19th.

Bathhouse accommodations are available at Orchard Beach, Jacob Riis Park, Manhattan Beach, South Beach, Great Kills and will be open daily from 9:00 a.m. to 6:00 p.m. At South Beach and Manhattan Beach, bathhouse facilities may be used without charge and lockers may be rented for a fee of 25¢. At Orchard, Jacob Riis, and Great Kills beaches the locker rentals are 15¢ for children and 25¢ for adults.

The sections of South Beach between Miller Field and Seaview Avenue, and from Xenia to Dartmouth Avenue will be open for use and will provide parking areas, a picnic area, concession buildings, play areas, promenade, and bathhouses located at Graham Boulevard and Sand Lane.

Parking space, for which a fee is charged, is available at all beaches, and recreational area game courts are available free of charge at Jacob Riis Park, Orchard Beach, Rockaway, South Beach, Manhattan Beach, and Coney Island.

Beach chairs and umbrellas may be rented at a nominal charge at Orchard Beach, Jacob Riis, Rockaway, Great Kills, Coney Island, Manhattan Beach, and South Beach.

Because of the recent storm damage there will be limited use of some of the facilities at Rockaway Beach in Queens. The boardwalk between Beach 121 and 126 Street was extensively damaged, the necessary repair work will be completed by May 31st, including stairwells and ramps. The area including the stairwells and ramps
west of 80th Street will be completed by May 31st. The stairwells and ramps that were damaged east of Beach 80th Street will be completed by June 30th.

Two playgrounds that will be available are located at Beach 83rd and Beach 109th Streets. Playgrounds located at Beach 85th Street and Beach 107th Street will not be open for use.

Only one games area will be available at Beach 81st Street. The other games areas at Beach 76, 88, 97, 103, and 104 Streets will be closed. Two sitting areas located at Beach 101 and Beach 79 Streets will be closed.

The umbrella shops which are beneath the boardwalk which were damaged by the storm will be completed by June 30th and they are located at Beach 84, 94, 98, and 104th Streets.

The comfort stations at Beach 34th and Beach 44th Streets will be completed by June 5th. Other comfort stations on the boardwalk located at Beach 86, 97, 106, and 116th Streets will be open for public use.

The Ocean Parkway which was damaged at Beach 73rd and Beach 74th Street will be completed by May 31st.

The five parking fields located at Beach 32nd Street, Beach 53rd Street, Beach 59th Street, Beach 62nd Street and Beach 64th Street will be available on May 19, and the two parking fields at Beach 67th Street and Beach 69th Street will be completed by June 30th.

The Commissioner of Parks announces that the erection of steel for the superstructure of the Municipal Stadium in Flushing Meadow Park will commence on Monday, May 14, 1962. The initial work consists of the setting of the vertical steel columns in the area behind home plate. The columns will support the seating area for all tiers.

The contract work is progressing in accordance with the established schedule to meet the date of the Mets first home game in 1963.
The Department of Parks announces that the Inter-county Swimming Meet for Girls will be held on Sunday, May 6, 1962 at 2:00 P.M. at the St. Mary's Recreation Center at East 145th Street and St. Ann's Avenue in the Bronx.

Co-sponsored by the Metropolitan Dairy Institute and the Department of Parks and sanctioned by the Metropolitan Association A. A. U. Womens Swimming Committee the following events will be contested:

P O P COMES TO TOWN

"City Parks Week," sponsored by the Park Association of New York City in cooperation with the Department of Parks and proclaimed last week by Mayor Wagner, gets under way today with a series of events calling attention to the fact that the city's parks are now at the height of their spring beauty and at the same time urging the public to use the parks thoughtfully. The Parks Department estimates that several hundred thousand dollars a year must be spent repairing damage caused in the parks by vandalism and carelessness—a sum that could otherwise be used to construct new facilities and improve old ones. Among the chief events of City Parks Week is the distribution, by the Girl Scout Council, of a pocket folder known as a Tree Table, prepared by the Park Association and containing identifying outlines of the leaves of thirty-six of the commonest trees to be found in our parks. Tomorrow, an antique touring car filled with pretty girls and many-colored balloons will visit many sections of Manhattan and Brooklyn, passing out buttons marked P O P, for "Preserve Our Parks." Later in the week, the fourth grade class at P. S. 9, in Manhattan, will make an organized survey of the litter in Riverside Park and prepare written reports on the problem, as part of a school-wide program on park use and care.

4/26/62
Newbold Morris, Commissioner of Parks, announces that six outstanding A. A. U. and Park Department Age Group swimmers will be honored at a special ceremony at the Arsenal Building, Park Department headquarters at 64th Street and Fifth Avenue, on Monday, April 30th at 4:15 p.m.

During the past indoor season three boys and three girl competitors distinguished themselves by consistently fine performances according to the reports filed by Mr. Jack Abramson, Chairman of the Metropolitan A. A. U. Men's Swimming Committee, and Miss Hazel Barr who heads the Women's Committee.

The four A. A. U. swimmers and two Park Department winners selected by the Awards Committee will be presented with handsome wristwatches by Commissioner Morris.

MAYOR WAGNER WILL LAUNCH PARK WEEK WITH BIG BALLOON

Mayor Robert F. Wagner will aid members of the Park Association of New York City in launching their second annual Parks Week, during which New Yorkers will be invited to enjoy their parks more fully and to keep them clean and green. The Mayor will participate in sending aloft a 4-foot red balloon from the steps of City Hall at 11:30 a.m. on Thursday, April 26th, and will present to Andrew Y. Rogers, President of the Park Association, who will be accompanied by Parks Commissioner Newbold Morris, his official proclamation designating the week of May 1st as "CITY PARKS WEEK" in New York City. The helium-filled balloon will have suspended from it a gondola simulated parks litter basket symbolizing the Parks Association hope that New Yorkers while in the city's parks will place their papers and other trash in litter baskets to be carried away and not mar the parks' beauty. Whoever finds the straw basket will find therein a certificate for 50 rides for some youngster on a park carousel.

Also present at the noon ceremonies will be Mrs. Arthur Hays Sulzberger, Leonard L. Sutter, Mrs. Darwin R. James III, Mrs. Henry B. Guthrie, Brendan Gill, Arnold D. Kates, George F. Mand, Loring McMillen, Charles G. Meyer, Mr. and Mrs. Donald B. Straus, Mr. and Mrs. John P. Thompson, Jr. (TEXT OF PROCLAMATION FOLLOWS)

WHEREAS: The City of New York owns, maintains, and operates over thirty-five thousand acres of parks and playgrounds which contribute to the health, enjoyment, and recreation of its citizens and to thousands of visitors annually from all over the world; and

WHEREAS: the Park system is continually subject to depredations caused by the willful as well as the unconscious acts of citizens and others, such as vandalism, littering, abuse, and the disregard of accepted practices; and

WHEREAS: it is the sincere hope of this administration that such costly, unsightly, and unseemly conditions may be corrected through a campaign of education, appreciation of public property, and concern for the rights and feelings of fellow park users,

Now, therefore, I, Robert F. Wagner, Mayor of the City of New York, do hereby proclaim the week of May 1st as "CITY PARKS WEEK"

in New York City, and call attention to the fact that the Park Association of the City of New York, Inc., is a non-profit organization dedicated to the acquisition, preservation and maintenance of parks and playgrounds for the benefit and pleasure of all the people, accordingly it is our moral obligation and civic duty to cooperate to the fullest extent in keeping our parks beautiful.

Newbold Morris, Commissioner of Parks, announces that two Australian Black Swans have been donated to the Children's Zoo in Central Park by the Montreal Children's Zoo through its Director, Mr. D. Aerts.

Australian Black Swans, generally smaller than other species of swans, are predominantly black. The naked parts of the head and the skin at the base of the beak are red. The feathers of the pinion are white.

Approximately one year old, these two proud and beautiful birds, presently on display, are friendly and have adopted their new surroundings with remarkable charm and ease. Their graceful actions seem to indicate the awareness of their friendly representation of our good neighbors in North America and their native country from down under.

The Department of Parks deeply appreciates this neighborly gift which will beneficially add to the attractions for children who visit the zoo.

The Children's Zoo in Central Park, located near Fifth Avenue at 65th Street, is a gift to the children of the City by Governor and Mrs. Herbert H. Lehman in celebration of their 50th Wedding Anniversary.
Newbold Morris, Commissioner of Parks announces that the third annual series of free tennis clinics sponsored by the Eastern Tennis Patrons in cooperation with the Department of Parks will be held at five locations in Manhattan, Bronx, Brooklyn and Queens beginning on Monday, April 30th.

Because of the enthusiastic response by the more than 1000 boys and girls who participated in the 1961 teaching sessions Eastern Tennis Patrons' President Alistair Martin announced the decision to extend the current series an additional week for a total of seven weeks.

The two-hour clinics will be open to all boys and girls who have passed their ninth birthday but have not yet reached their eighteenth birthday. They will be held once weekly beginning at 3:45 P.M. at the following locations:

Mondays (beginning April 30th) - Central Park at West 93rd Street, Manhattan

Tuesdays (beginning May 1st) - McKinley Park at 7th Ave. & 75th Street, Brooklyn

Wednesdays (beginning May 2nd)* - Alley Pond Park at Grand Central Parkway and Winchester Blvd., Queens

Thursdays (beginning May 3rd) - Crotona Park at East 173 St. & Crotona Avenue, Bronx
Fridays (beginning May 4th) - Mullaly Park at East 174th St. & Jerome Avenue, Bronx

(*Wednesday, May 30th there will be no clinic - it will be held on Thursday, May 31st.)

Youngsters who own racquets are urged to bring them. Racquets will be provided free to others during the clinic periods. Everyone must come to the courts equipped with smooth-soled sneakers or tennis shoes.

Outstanding pupils at each clinic will once again receive the coveted "merit award" ribbons, and at the conclusion of the series those boys and girls at each location who have shown the greatest interest and improvement will receive special awards in the form of new tennis racquets.

Applications for enrolling in the program are available at all Park Department Tennis Courts.

Newbold Morris, Commissioner of Parks, announces that 2,000 youngsters 5 through 13 years of age, are expected to participate in the 16th Annual Egg Rolling Contest to be conducted by the Department of Parks under the sponsorship of Arnold Constable of Fifth Avenue, at the Great Lawn, 80th to 84th Streets, in Central Park on Saturday, April 21st, at 2:00 P. M.

The boys and girls will use wooden spoons to roll gaily colored wooden eggs along courses of various lengths. The youngest age group will compete in 20 yard races, the intermediates in 30 yard contests, and the oldest group will roll a 40 yard course. Eggs and wooden spoons will be furnished by Arnold Constable.

Those placing first, second, and third in each final event will be awarded prizes donated by Arnold Constable. The youngest girl winners will receive a doll carriage, large doll, or roller skates in that order, and the boys a bicycle, scooter, or roller skates. Winners in the other age group competitions will be presented merchandise certificates for $25, $20, and $15 respectively.

Entry blanks are available at most of the 820 Park Department Playgrounds.

4/13/62
Newbold Morris, Commissioner, announces that the New York City Department of Parks will be host to the annual Knickerbocker Swim Club Swimming Races at St. Mary's Recreation Center, 145th Street and St. Ann's Avenue in the Bronx, on Sunday, April 15, 1962, at 2:00 P.M.

The feature event on the program will be the Junior National A. A. U. 100 Yard Backstroke Championship for Women. Leading the field of contenders for this coveted title is this city's own Mary Sebasteanski, representing the Flushing YMCA. The 14 year old protege of Coach Bob Burke has already won the Senior Metropolitan 500-yard Free-style Championship, and is the current Senior Metropolitan Backstroke Champion. A victory in this event could follow the pattern set by Miss Lynn Burke, daughter of Miss Sebasteanski's coach, and famed Olympic gold medal winner.

Other entries are 12-year-old Vivian Carrion representing the Caribe Hilton Swim Club of Puerto Rico, Diane Thomason of the Providence Boys Club who recently won the Junior National Individual Medley at Yale and Noreen Wolcott who represents the Glass City Aquatic Club of Toledo, Ohio.
Twenty-four of the outstanding girl swimmers of the country will compete.

Lynn Burke will make the presentation of awards.

The public is invited. Admission is free.

NOTE TO PHOTO EDITORS: Race Time is approximately 4:00 P. M.

Newbold Morris, Commissioner of Parks, announces that ice skating will terminate at the Wollman Memorial Rink in Central Park, The Kate Wollman Memorial Rink in Prospect Park, and the Ice and Roller Skating Rinks in the City Building at Flushing Meadow Park, on Sunday, April 15, 1962 at the close of business.

Since the beginning of the ice skating season last October the attendance at the rinks was as follows:

- Wollman Central Park: 342,423
- Wollman Prospect Park (opened 12/22/61): 175,333
- City Building Flushing Meadow Park: 258,862

Because of construction work in the area leased to the 1964-1965 World's Fair Corporation, the ice and roller skating rinks in the City Building in Flushing Meadow Park will not be available for public use in 1962-1963 and 1963-1964 seasons. However, it is expected that the rinks will be available during the winter months of the 1964-1965 World's Fair.

Newbold Morris, Commissioner of Parks, announces that the attached letter was sent today to Mr. George Lincoln Rockwell advising him that the area available for his proposed rally on Friday, April 20, 1962, at 2:00 P.M. is Jeannette Park located at Coenties Slip and South Street in the Borough of Manhattan.

3/19/62
Mr. George Lincoln Rockwell  
928 North Randolph Street  
Arlington, Virginia

Dear Mr. Rockwell:

I have your application to hold a rally at Union Square Park, Manhattan, on April 20th, 1962 at 2 P.M.

I regret that I must deny your request, as April 20th is a business day, and the area in which you plan to conduct the rally is heavily used by neighboring office workers and store employees, with a concentration of traffic in the abutting streets.

We have, however, an alternate area which, we feel, would be satisfactory for your purpose. This is Jeannette Park, which is bordered by Coenties Slip and South Street in the Borough of Manhattan. This area can accommodate approximately 1200 people, and has adequate comfort station facilities. We shall provide a speakers' stand with a lectern for the various speakers on your program.

If you are in agreement with this alternate location, please fill out the attached forms and return them promptly for processing.

Very truly yours,

/s/ S. M. White

Commissioner of Parks, Newbold Morris, announces the approval of funds by the Board of Estimate for design of the reconstruction of the southerly section interior of the City Building at Flushing Meadow Park to accommodate ice skating shows during the two years of the World's Fair. Proposals for the preparation of the entire building promise to provide interesting and entertaining City exhibits for the enjoyment of the World's Fair visitors.

The New York City World's Fair Commission met on Tuesday, March 6, in the office of the Mayor and unanimously approved a recommendation to the Board of Estimate for the reconstruction of certain additional improvements.

Members of the Commission established by law are:

Mayor Robert F. Wagner, Chairman; Abraham D. Beame, Comptroller;
Paul R. Screvane, President of the Council; John T. Clancy, Borough President of Queens; Newbold Morris, Secretary, Commissioner of Parks; Eric J. Treulich, Majority Leader - Council; Stanley M. Isaacs, Minority Leader - Council; Edward G. Miller, Jr., private citizen appointed by the Mayor; Mrs. Ronald Tree, private citizen appointed by the Mayor.
The Board of Estimate had already approved funds for design of a scale model of the entire City of New York at a total estimated cost of $628,650, and for the reconstruction of the interior of the building to house the model, construction of which is estimated to cost $1,139,016. The model itself will be superimposed upon the roller skating rink, which is 17,000 square feet in area, in the City Building.

The model will be animated and will faithfully reproduce every one of the more than 300,000 structures in the five boroughs and the topography of the City, with which many of our own citizens are unfamiliar. The scale will be one inch to 100 feet. On this scale for instance, the Empire State Building will be 12 inches high.

Visitors to this building will be conveyed in suspended cars around the 500-foot perimeter. A systematized and explanatory recording will indicate points of interest as the car proceeds in its helicopter-like ride around the City. During the 10-minute ride, broad daylight will gradually change to twilight and back to daylight again. The moving belt will deposit visitors on the balcony level overlooking the model. A nominal admissions fee will be charged; this is desirable for control purposes and will help defray the cost of construction.

The Board of Estimate has authorized funds for the design of unused space in the balcony area where it is planned to display exhibits from the various museums and other institutions in the City. The estimated cost of preparing this area is $169,193.
An ice skating show entitled "The Olympic Ice Review" is contemplated as a daily presentation by the producing firm of Figay and Button. This firm is at present engaged in producing spectaculars for television and other television "specials". There will be six performances a day of one hour duration. They are at present in Prague filming the World Skating Championships. This television show will be the first one from Czechoslovakia to be shown in the United States and will be a commentary on the World's Figure Skating Championships. Dick Button has been a National Amateur Figure Skating Champion, a recurrent winner of the North American Championships, and is the only skater to have won the International, World and Olympic titles over an eight year period. Paul Figay's first Broadway production was "On The Town" - the music by Leonard Bernstein and the choreography by Jerome Robbins. He was also the producer of the award winning Ford Foundation "Omnibus" program on television.

Alterations to the present ice skating rink will be necessary because the ice area at present is too vast for putting on a professional show. The area is also needed for the installation of 3,000 seats which will rise to the second level balcony. Everyone in the seats will have unimpaired vision of the performers on the ice.

Mr. Morris pointed out that of the estimated $32,500. cost of the alterations for the skating shows, $523,000. of this amount could be justified for permanent use for the greater enjoyment of the ice skating rink after the World's Fair due to
the tremendous increase in enthusiasm for this sport. Additional refrigerating equipment, plumbing and electrical work will make it possible to keep the ice skating rink open throughout the year. New Yorkers now travel to such resorts as Lake Placid; Denver, Colorado; Sun Valley, Idaho. After the Fair they will find a center of summer skating in Flushing Meadow Park.

The balance of the cost of alterations, $310,000, can be amortized by the return to the city treasury of a percentage of box office gross revenues during the two years of the Fair.

The World's Fair Corporation estimates that 70 million persons will visit the Fair during 1964 and 1965. They further estimate that between 12% and 15% of the total number of attendance will visit each exhibit at the Fair. Mr. Button has estimated an even more conservative percentage and suggests that 10% of the attendance will visit the ice shows. That would mean 7 million people who would be interested in enjoying the show. An admission price of $1.00 is tentatively contemplated.

Mr. Button points out that "figure skating is eminently qualified for an exhibit since it is the only truly theatrical sport combining the best aspects of musical theatre and pure athletics." It will be one of the few performing arts at the World's Fair site itself and should be most popular for foot-weary spectators searching for a place to sit down while being entertained in a fully air-conditioned auditorium.

February 19, 1962
Newbold Morris, Commissioner of Parks, announces that the section of Marine Park, Brooklyn, which lies north of Avenue U, has been designated "Pratt-White Field" in honor of the two distinguished Brooklynnites who gave the property to the City with the idea that it should form the nucleus of a greater waterfront park.

Fifty years ago the late Frederic B. Pratt and the late Alfred T. White began to buy property in the area now comprising Marine Park. In 1917, they offered this land to the City for park purposes. Although it was not immediately accepted by the City, the property was included in the mapping of a new park surrounding Gerritsen Basin.

In 1919, Mr. Pratt and Mr. White offered the City the 120 acres of land they had acquired, and $72,000 to be used by the City for the purchase of additional property for park purposes. Although the gift was not consummated until 1925 it consisted of lands at the northerly end of the present Marine Park including the section north of Avenue U which was developed and opened to the public in 1939.
This athletic field is now to be known as "Pratt-White Field" in recognition of the City's gratitude to two far-sighted and public-spirited citizens of Brooklyn. They are also commemorated by a bronze plaque placed on the wall of the Field House and dedicated at a public ceremony on May 27, 1939.

February 21, 1962
Newbold Morris, Commissioner of Parks, announces that starting Monday, February 26, 1962, applications will be accepted at the five Borough Offices of the Park Department for the following 1962 season permits: TENNIS $7.50; RECREATION LOCKERS $5.00; MODEL YACHT STORAGE $2.00; LAWN BOWLING $2.00; GOLF LOCKERS $5.00; JUNIOR TENNIS $3.50 (limited to children who will not have reached their 18th birthday as of November 15th of the current year.) PROOF OF AGE MUST BE SUBMITTED. Applications for any of the above permits will be accepted by mail provided a self-addressed stamped envelope is enclosed.

Because the demand usually exceeds the supply, applications for MEN'S lockers at Mosholu and Dyker Beach Golf Courses will be accepted from season permit holders at any Park Department Borough Office from February 26, 1962, to March 13, 1962. If necessary a public drawing will be held at 10 a.m., March 21, 1962, at the Administration Buildings, Bronx Park East and Birchall Ave., Bronx Park; and Prospect Park West and 5th Street, Prospect Park, to determine the respective successful applicants.
GOLF Permits $15.00, now on sale, are valid on any municipal course that is open for play. GOLF and TENNIS permits require a face photograph, photomaton, or passport size for their issuance and as a convenience for applicants for these permits, a photomaton has been installed in the Permit Office, Arsenal, Central Park.

Park Department offices in the five boroughs are located as follows:

Manhattan: Arsenal, 64th St. & Fifth Ave., N. Y. 21, N. Y.
Brooklyn: Litchfield Mansion, Prospect Park W. & 5th St., Brooklyn
Bronx: Bronx Park E. & Birchall Ave., Bronx 62, N. Y.
Queens: The Overlook, Union Turnpike & Park Lane, Kew Gardens 15
Richmond: Clove Lakes Park, 1150 Clove Rd., West New Brighton, Staten Island 1

The permit offices in all boroughs will be open on Saturdays till noon, starting March 24, 1962, through June 30, 1962.

February 19, 1962
Commissioner Newbold Morris announces that the Department of Parks is continuing to offer a program of professional story-telling at the Children's Zoo, Central Park. Children visiting the Zoo are cordially invited to attend these sessions which are held on Tuesday, Wednesday, Thursday and Friday at 3:30 P. M. and on Saturday at 11:00 A. M.

The fee for admission to the Zoo is 10 cents. However, there is no extra charge for admission to the story-telling program.

The Children's Zoo is located near Fifth Avenue at 65th Street, in Central Park.

February 9, 1962
Newbold Morris, Commissioner of Parks, announces that an additional facility has been provided for use by Senior Citizens at the Picnic House in Prospect Park, Brooklyn.

Located just off the West Drive at Fifth Street and Prospect Park West, this indoor center will provide lounge and reading facilities, tables for checkers and chess and a television corner, and will be open daily from 8:00 A.M. to 5:00 P.M.

The picnic house originally was used as a food concession building. It was rehabilitated by Park Department forces so that it can serve a more useful purpose.

Additional facilities will be added as the recreation program for the senior citizens is expanded.
Newbold Morris, Commissioner of Parks, announces that an additional facility has been provided for use by Senior Citizens at the Picnic House in Prospect Park, Brooklyn.

Located just off the West Drive at Fifth Street and Prospect Park West, this indoor center will provide lounge and reading facilities, tables for checkers and chess and a television corner, and will be open daily from 8:00 A.M. to 5:00 P.M.

The picnic house originally was used as a food concession building. It was rehabilitated by Park Department forces so that it can serve a more useful purpose.

Additional facilities will be added as the recreation program for the senior citizens is expanded.
Department of Parks announces that effective February 1, 1962 the maximum speed limits on the following parkways have been increased from 40 miles per hour to 45 miles per hour.

- Grand Central Parkway
- Interborough Parkway
- Cross Island Parkway
- Laurelton Parkway
- Southern Parkway
- Shore Parkway
- Henry Hudson Parkway (including Riverside Drive from north side of 177 Street to a westerly line of Staff Street)
- Bronx River Parkway
- Hutchinson River Parkway

After a thorough and careful traffic survey by the Police Department and the Department of Parks, Commissioner Morris ordered the speed limit raised to 45 miles per hour on the parkway system.

Mr. Morris stated in part as follows: "This decision to increase the maximum speed limits has been reached, I am frank to say, with some reluctance. Many of the older parkways do not have acceleration and deceleration lanes. However, this will be rectified largely by the widening of the arterial connections. I should also reiterate what I have said before,
namely that parkways are not to be considered in the same category with expressways. They are to be enjoyed for their scenic beauty the same as any park property is intended to be. I have seen too much bloodshed as a result of reckless driving on parkways and with that in mind I have asked the Police Commissioner for more stringent enforcement of regulations. I hope the users of parkways will consider these warnings soberly."
Newbold Morris, Commissioner of Parks, announces that the 11th Annual Ice Skating Carnival will be held at the Wollman Memorial Skating Rink in Central Park on Saturday, January 13th, 1962, at 12:00 Noon.

In addition to a program of Ice Skating events for Boys and Girls in all age groups, a competitive costume parade will be contested with prizes presented to the most artistic, most original and funniest. The meeting is sanctioned by the Middle Atlantic Skating Association.

FOR RELEASE: AFTER NOON, TUESDAY, JANUARY 9, 1962

January 8, 1962

Work has started in Flushing Meadow Park, Queens, on the first public parking facilities for the New York 1964-1965 World's Fair, as landscaping of the grounds continues.

Two new contracts totaling $508,075, have been let by the New York City Department of Parks, one for construction of a 1350-car lot within the Fair grounds along Roosevelt Avenue from the exposition entrance east of 114th Street to 126th Street, the other for planting 483 trees along central roads of the Fair from the Unisphere, theme symbol at the center of the exposition, through the Industrial Area.

Clearing of the site for the new parking field, forerunner of many such facilities which will eventually accommodate 20,000 cars, has been started by the Mac Asphalt Construction Corp. of Flushing. The $396,440 contract, due for completion in six months, calls for a 12-acre asphalt area with 40-foot wide parking strips and 24-foot
access aisles. It will be illuminated by 400-watt mercury vapor lights on 25-foot poles, 100 feet apart. When completed, it will be used by Fair, construction and exhibitor employees until the new Municipal Stadium opens, at which time it will supplement Stadium parking facilities. Finally, it will be for the exclusive use of Fair visitors when the exposition opens in April, 1964.

The $111,635 tree contract was awarded to Whitman Nurseries, Huntington Station, L.I., N.Y., which will start digging pits about January 15, 1962, if weather permits. The pits will be 3 feet deep and 10 feet in diameter to accommodate red maples, honey locusts, plane trees, pin oaks and willow oaks, 18 to 26 feet high. The pits will be filled with topsoil and covered with salt hay in preparation for spring planting. The Fair will leave the trees as permanent legacies to Flushing Meadow Park. With about 10,000 trees already in the Park and several hundred more to be planted under later contracts, there will be about 12,000 throughout the grounds when the Fair opens.

During 1961, 144 mature trees, ranging up to 50 feet tall, were transplanted in Flushing Meadow Park to make way for construction of drainage, utility and sanitary lines.
