Late yesterday the Appellate Division of the New York State Supreme Court issued a Temporary Restraining Order enjoining the TLC from taking action to implement the E-Hail Pilot Program.

In response, while the order is in place and until further notice, the TLC is suspending all existing authorizations issued for participation in the E-Hail Pilot Program and will not accept any further applications to participate in the E-Hail Pilot Program.

The TLC is also suspending review of any pending applications for participation, including any applications for waiver of TPEP integration requirements under the E-Hail Pilot Program.
