

**WHEELCHAIR ACCESSIBLE VEHICLE TRAINING COURSE REQUIREMENT  
 FOR MEDALLION AND FOR HIRE VEHICLE DRIVERS**

All Medallion Taxicab drivers and For Hire Vehicle drivers must attend and complete a Wheelchair Accessible Vehicle (WAV) Training Course before renewing their TLC Driver License.

At the end of the training, you will get a certificate of completion from the training course. You must show this to the accessible medallion owner before driving the vehicle, and you need to keep a copy with you in the vehicle. As a driver of a wheelchair accessible taxicab, you must help a wheelchair passenger to and from the sidewalk curb. You must also secure the passenger and his/her belongings in the vehicle. Time for unloading may **not** be charged.

**These are the organizations that are currently working with TLC to provide Wheelchair Accessible Vehicle (WAV) Training. Please call and schedule an appointment with the trainer of your choice.**
